O'DWYER'S FULMINATION AGAINST PRINCES

"IMPLICATIONS OF FEDERATION NOT REALISED"

"White Paper Exceeds Intentions Of 1919"

Sir Manubhai Crosses Swords With Ex-Satrap Of Punjab

LONDON, June 16.

Sir Michael O'Dwyer's view, that a great body of princes adhered to Federation without realising either its advantages or its difficulties, formed the main subject of cross-examination at yesterday's sitting of the Select Committee in which British and States delegates mainly participated. The official report shows that Sir M. O'Dwyer touched specially four chief points, namely:—

(1) Federation, which he contended was an artificial creation and, therefore, was lacking in stability, cohesion and permanence.

Sir M. O'Dwyer expressed the opinion that it was a premature attempt, introduction of which would retard realisation of the ideal.)

(2) Extent of transfer in provinces, in which connection he said that he was willing to take the great risk of transferring all subjects, except courts and police.

(3) He emphasised the necessity of retaining certain British element in services, including engineers, education, agricultural, veterinary and medical services, and.

(4) He contended that the White Paper exceeded intentions of the 1919 Act:

READING QUESTIONS O'DWYER.

Lord Reading, at the outset questioned Sir M. O'Dwyer, at some length. Sir M. O'Dwyer agreed that the Simon Commission had expressed opinion in favour of Federation, but contended that it showed that conditions essential for it were not forthcoming.

Sir M. O'Dwyer agreed that the Simon Commission had laid down that Provincial Governments must be in existence and exercising powers before the Federation could function but when Lord Reading suggested that there was nothing in it contradictory to the contents of the White Paper, Sir M. O'Dwyer disagreed, and opined that Provinces would not be political entities until they changed the whole administration, were able to balance budgets and take over the control of law and order, and he did not believe that these conditions could be realised at present.

"PRINCES' REFUSAL TO FEDERATE."

Mr. Isaac Foot reminded that Princes had declined to federate with Government of India as at present constituted.

Sir M. O'Dwyer agreed that six Princes had made a declaration to that effect, but said that some Princes had told him that they were inclined to reconsider their statements, and pointed out that some did so when they returned to India.

Sir R. Craddock suggested that it was surprising that the Princes themselves proposed Federation within two months of the Government of India's despatch describing Federation as a distant ideal.

Sir M. O'Dwyer replied that this circumstance prompted him to think that there was some reflecting enthusiasm about the matter.

PRINCES AND FEDERATION.

The point was pursued by Sir Akbar Hydari, who pointed out that as early as 1918, several Princes had decided in favour of working for a federal ideal, while the Simon Commission recommended the Council of a greater India. He suggested that these considerations indicated that the Princes realised the present conditions in India and the necessity in their own interest, of a constitution on White Paper lines.

Sir M. O'Dwyer replied that he thought that the matter was rushed forward and a great body of Princes had neither time nor the opportunity to consider the matter. He added that he was influenced to take this view by what some Princes had said to him at the First Round Table Conference.

PRINCES' FEAR.

Sir Manubhai Mehta pointed out that Sir M. O'Dwyer's memorandum suggested that the Princes' attitude to the Federation was due to the fears of implications of the Dominion Status declaration of 1929, and asked if Sir M. O'Dwyer had talked with the Maharajas of Bikaner, Bhopal, Baroda, Patiala, Kashmir and Alwar.

Sir M. O'Dwyer said that he had talked with all, except the Bhopal delegation, but declined to give the names of his informants.

Sir M. Mehta asked: "Did they say that they favoured Federation because of the fear of Dominion Status?"

Sir M. O'Dwyer: "Some said that when the declaration of Dominion Status was made, they did not realise what their position 'vis-a-vis' the future of British India would be." He repeated that he was not prepared to give the names, but knew that certain Princes who had declared for Federation altered their view when they returned to India and they stated so publicly.

"UNFAIR."

The Archbishop of Canterbury suggested that it was unfair to refer to statements if he was not prepared to supply names.

Sir M. O'Dwyer replied that he did not state that they had gone back after they had declared in favour of Federation. He was unable to indicate at what particular stage they informed him of their views, and pointed out that Princes were in London for a considerable time before the First Round Table Conference opened.

Sir Manubhai Mehta pointed out that the Princes' Chamber met three or four times since their declaration of 1930, and consistently voted in favour of Federation.

Sir M. O'Dwyer referred, inter alia, to the views of the late Chancellor and finally reiterated that a few leading Princes might have studied the Federation before the First Round Table Conference, but a great majority had never heard of it.

WHEN SELF-GOVT. IS EXTENDED.

Replying to other questions regarding his proposals, mainly by British members, Sir M. O'Dwyer did not agree that criticism would be concentrated on the police, and thought that with wide extension of Self-Government hostile and irresponsible criticism would not continue. Likewise he did not agree that his proposals would increase friction between Provincial and Central Government.—Reuter.

Out Of The Gloaming.

Mr. Cordel Hull, America's chief delegate to the World Conference feels that he's getting on good. Looks like beating Ramsay at his own game of produce high-sounding phrases.

* * * *

On Thursday, having got a load of well-strung platitudes off his chest, he remarked that he felt "more hopeful of substantial progress" than on any preceding day. The Conference, he said, is conducted on business-like lines. The silent mass of the 300 odd delegates who don't get a chance to talk, must be a patient lot.

* * * *

Cordel's so bursting with eloquence that the Conference does'nt provide a big enough outlet for his eloquence. After his speech he came out and fired this off at Reuter:—

"Moreover, the leading delegates are singularly unanimous about the basic causes of the world's troubles and the basic remedies which should be employed to end them".

which, he added, was a great deal gained towards ultimate agreement on the manner of solving them.

We should say "the basic manner of solving them."

* * * *

The "Times of India" believes that the Punjab University Inquiry's report, dividing the interests on communal lines, is a "classic pronouncement on education in India" and that it was the result of popular demand.

* * * *

We too believe that it is a classic in its own way, for it attempts to take the University affairs from out of "the hands of a few scholarly gentlemen as at present" and hand them over to a clique of communalists. These Punjab strong men can't be blamed for yielding to "popular demand", when it is convenient!

* * * *

It was very cruel of Mr. M. S. Aney to deny that Gandhiji gave him a statement of his views and thus contradict the "F.P.J." whose partnership with Mahadev Desai for the preservation of Truth had just burst into bloom.

* * * *

There is an apostolic fervour in the dissemination of Truth in Dalal Street,—a touching sight in these days of financial stringency. But it is a fact all the same. Believe it or not.

* * * *

The other day Mr. Aney was made to deny what he never denied and to-day he denies what is affirmed as gospel. Holding the balance even!

* * * *

"As such, he could not even discuss the attitude of the Government of India" said Sir George Schuster apparently in disgust. We have the same feeling uppermost in our own mind after that deal in silver.

* * * *

Americans, we are told, expressed themselves greatly satisfied at the way British War Debts were paid in Indian silver to avert a crisis in "international co-operation". India, too, is once more overjoyed to think that she has saved the world.

* * * *

Lord Rothermere has written in the "Daily Mail" on "India: This Madness", rather a speciality of his Lordship's, which has caused many to doubt his own sanity.

* * * *

The potty peer of the Press passionately asks in "This Madness"—What does it matter about the risks of going forward, when by doing so, we may lose India? The answer's "a lemon".

* * * *

But the argument is simple and logical, is not it? Since there are risks in going forward, the best thing is to go backward.

* * * *

"Local Government", says the Babe, "cannot be expected to remain in a state of infancy." Why not? She has achieved that feat herself.

* * * *

The doctor explained to his patient in detail.

"But what are you going to give me all those treatments for?" asked the bewildered-looking man.

"For loss of memory", returned the doctor off-handedly."

"But, I say", said the patient, "I haven't lost my memory".

"Oh, I thought you had!" said the doctor, rather grimly. "You have never mentioned that bill of mine which has been mounting up for two years."

MAHATMA TAKES REST

Stops Milk Diet And Reverts To Fruit

GAIN IN WEIGHT

Aney To See Gandhiji And Leaders

POONA, June 16.

Gandhiji who looked exhausted after the excitement and strain of Sjt. Devdas' marriage, had complete rest in the afternoon, as a result of which he was reported to be looking much better in the evening.

He has stopped milk diet which the experience of the last few days has shown, does not suit him. He has reverted to fruit diet since yesterday evening and this morning his weight was found to have slightly increased.

ANEY TO SEE MAHATMA.

Sjt. M.S. Aney will be meeting Gandhiji this evening before the prayer time and after a brief discussion with other Congress leaders now here, may issue a statement.—A.P.

DROP OF 200 IN MAY

Number Of C. D. O. Prisoners In Madras

MADRAS, June 16.

It is understood that there is a drop of 200 in the number of Civil Disobedience prisoners in May. The total number undergoing imprisonment at the end of May being 597.

The release of political prisoners before the expiry of the term of last fortnight numbered 60.—A.P.

INDIAN SILVER FOR WAR DEBT PAYMENT

Protest Of Southern India Chamber

MADRAS, June 16.

The Southern India Chamber of Commerce has addressed the following telegram to the Finance Department, Government of India:—

"Chamber regrets that while Indian Gold reserves are being badly depleted, Government of India should have agreed to the use of Indian silver stocks for the repayment of British debts due to the United States of America.

"This Chamber strongly protests against such dissipation of Indian resources of precious metals, as it will lead to weakening of our financial and economic position."—A.P.

Several villages in Panskhali, bordering on the hill, have been visited recently by a number of wild elephants. During the last two weeks the villagers of Puspanyapara attempted to drive them away, but the elephants attacked a man named Basarat Ali who was killed on the spot.—A.P.

SERIOUS DEAD-LOCK IMMINENT

Ahmedabad Mills To Go On General Strike?

Step Provoked By Masters' Slashing Down Of Wages

AHMEDABAD, June 16.

The Purshottam Spinning Mill has put up a notice to-day that it will close down from 1st July owing to trade depression.

In view of the strikes in some of the mills that have reduced the wages of weaving departments, the Secretary of the Labour Association has addressed letters to-day to all such mills calling upon them to restore cuts in the wages of weavers before Monday next; otherwise they would be compelled to authorise workmen to stop work in all such mills.

The Secretary of the Labour Association has also written a letter to the Millowners' Association urging that body to expedite its decision regarding the abovementioned mills as the situation can admit of no delay.

SIDHAPUR MILL.

A Sidhpur message states that the Sidhpur Mill has notified that it will close down from 1st July owing to trade depression.

OWNERS' REPLY UNSATISFACTORY

Settlement Urged By Union

(From Our Correspondent).

AHMEDABAD, June 16.

"Every days that passes will make our task more and more difficult."

In the above words, Mr. Gulzarilal Nanda, Secretary, the Local Textile Labour Association, has replied to a letter of the Millowners' Association, regarding the wage-cut question.

He further states that the reply of the Millowners' Association is not satisfactory. The Committee is of opinion that considering the seriousness of the situation and the grave risks to which any further delay would expose the industry, no time should be lost by the Association in reaching a settlement.

QUESTION OF PRINCIPLE.

The complaints we have referred to you for action simply involve the question of principle, on which we expect no difference of opinion.

No individual mill is entitled to make a reduction. The existing position may not be disturbed except in consequence of a general settlement or award. The moment we depart from that position, nothing would be left to sustain the present structure of relations between the employers and Labour in the textile industry. Here you cannot disturb the system in one direction, without bringing about its collapse on all sides.

Concluding, he states: "The only course open to the Millowners' Associations is to direct immediate restoration of wages in the mills concerned and the old schedule of rates should be restored."

MORE WEAVERS STRIKE

AHMEDABAD, June 16.

The operatives of the Weaving Department of the Jehangir Vakil Mills struck work to-day in protest against reduction of their wages.

This is the fifth mill in Ahmedabad whose weavers have downed tools.—A. P.

AHMEDABAD MILL DEADLOCK

(From Our Correspondent)

AHMEDABAD, June 16.

One more mill closed down to-day as a protest against the wagecut. The operatives of Jahangir Vakil Mills attended in the morning as usual and later demanded the restoration of wage-cut from mill authorities.

The latter refusing to comply, the operatives came out of the mill and struck work the authorities of Purshotam Mill have put up a notice closing down the mill from August 1, owing to trade depression and accumulation of stock.

Implementing Poona Pact

Let Ahmedabad Municipality Give Lead Asks Harijan Leader

AHMEDABAD, June 16.

Mr. Kikabhai, Depressed Class Leader, has written a letter to the President of the Ahmedabad Municipality, requesting him to get the Municipal Act so amended as to enable the forthcoming Municipal Elections to be held according to the Poona Pact, that is, Separate Electorates for the Depressed Classes may be abolished and certain seats may be reserved for them.

Mr. Kikabhai has also written a letter to Sjt. Devad Gandhi requesting him to draw Gandhiji's attention to question.—A. P.

MILLWORKERS IN FREE FIGHT

AHMEDABAD, June 16.

Dharias knives and other weapons were freely used in a free fight which occurred yesterday between two operatives of the Vijay Mill on one side and one operative of the Commercial Mill on the other.

All three sustained serious injuries and were removed to hospital.—A. P.

CLASH AMONG LORRY DRIVERS

Six Injured In Fight With Lathis And Knives

NEW DELHI, June 16.

A dispute over the right to carry passengers to a particular place led to an altercation between the Sikh and Muslim lorry-drivers, resulting in injuries to three on either side.

It is alleged that the Muslim lorry-drivers objected to the Sikh lorry-drivers taking passengers to Ghaziabad. Muslim drivers had licences to ply their lorries between Delhi and Meerut; and the Sikhs between Delhi and Garhmukteshwar, the road between Delhi and Ghaziabad being common to both the routes.

The Sikh lorry-drivers resisted the Muslim claim, leading to a fight in which lathis and knives were used.

Of the six injured, four were sent to the police surgeon, D. Marks, while two (one Sikh one Muslim), who had rec serious injuries, were admitt hospital.

No arrest has so far be A.P.

Surjya Sen's trial to begin at Chitta 15th before a Sp Babu Rajani pleader, who is defence at the interviewed June 12.

NOTICE

SALE OF SALT WORKS AT BHANDUP, DISTRICT THANA.

Offers are invited for the purchase of the salt works mentioned below (either as a whole property or separately in plots) constructed on the Government Marsh Land on lease for a term of 999 years, renewable on the termination:—

At present known as the Jamasp Agar: Area 395 acres and 34 gunthas.
1. Jamshed Agar
2. Jamasp Agar
3. Framroz Agar

At present known as the Batliwala Agar: Area 507 acres and 8 gunthas
4. Bativala Agar
5. Hormazd Agar

2. The property admeasures 903 Acres and 2 Gunthas in the aggregate and is known as the Bhandup Salt Works on Government Marsh Land situated in the village of Mulund, District Thana.

3. It consists of 6944 pans otherwise called "beds," which are capable of yielding about 2,50,000 maunds annually.

4. There are three ordinary corrugated iron sheets structures for housing the workmen staying on the property. There is also another semi pucca building, which may be used as an office or rest room.

5. A trolly line for the transport of the salt from the pans to the preventive station for subsequent transhipment into railway wagons has been constructed with adequate rolling stock for quick despatch, with the further advantage that it takes the salt intact to the Nahur preventive station without any damage to the crystals. A railway siding has been constructed near the preventive station for the transhipment of salt into railway wagons by special arrangement with the Railway Company. The product can be removed with equal facility by sea, in small boats (lighters) either to Trombay or Thana for test weighment. Salt tested at Trombay is transhipped into bigger boats bound for Malabar and the western coast ports whereas that tested at Thana preventive station is rail-borne to destinations in the Deccan or any other place served by railway.

6. Another special feature of the property is that it has been connected with the Tansa Main by a pipe line laid down and maintained by Government, for the supply of potable water at the rate of Rs. 1-4-0 per 1,000 gallons, the levy being made by the Salt Department.

7. The property is exempt from Revenue Assessment but a ground rent at 4 pies per maund of salt is charged by the Salt Department as Royalty.

8. Intending purchasers who desire inspection of the property can do so by previous arrangement with the undersigned.

9. All the cost of the purchase including the cost of the vendors attorneys will have to be paid by the purchasers.

10. No brokerage will be allowed.

11. Offers should be submitted in writing to the undersigned on or before the 10th July, 1933.

KEEP YOURSELF YOUNG & HEALTHY

MARK THE POINTS WHERE
OKASA
ACTS

The Gland centres, as shown in the figure, are the vital parts in our body which, if properly nourished, remain active and secrete Hormons into the blood. Any weakening of these Glands means weak health, low vitality, premature old age, with appearance of wrinkles and grey hair, nervousness, neurasthenia, debility, weak brain and memory.

By the use of this Gland Hormon Preparation OKASA, these vital centres (Glands) receive the best possible form of nourishment, whereby they maintain their normal activity and give Hormons to the blood, so necessary for the preservation of health and vitality. The Hormons which go into your system with each tablet of OKASA, soon make you a different man more powerful, stronger and healthier.

To obtain best and prompt results, use only the New and Latest OKASA with the RED BAND.

Price Rs. 10 per box of 100 tablets sufficient for 20 days use. Rs. 4 per trial packet of 30 tablets.

Obtainable at all leading Chemists

THE REJUVENATION
AN AUTHORITATIVE OPINION OF THE BENEFICIAL EFFECTS OF KALEFLUID ON THE HUMAN ORGANISM. BY A MEDICAL PROFESSOR

"In my opinion, KALEFLUID is a powerful medicinal agent. It is quite inoffensive, is a tonic and strong aid to the reconstruction and it gives their lost energy back to men while it completely recharges the life forces of the constitution and strengthens the nervous system.

I have already used KALEFLUID with success in three cases. The first was a case of precocious senility, the patient being aged about 60. After the first bottle of KALEFLUID this man was able to take up work again like a young man and he considered himself completely rejuvenated. The two others were cases of essential impotence, both young men, who were quite cured of their infirmity and are now blessing the name of the inventor of this excellent remedy, Dr. M. KAIRIS, Professor in the University of Athens."

Let KALEFLUID accomplish its wonderful work of regeneration on your physical and mental constitution! See the colour come back into your pale cheeks, your body become firm and healthy and your muscles harden, mind and brain become clear. All pains, weakness and nervous depression disappear rapidly, life takes on a different hue, you begin to enjoy living once again and very soon you will enter again into the charmed circle of youth and health.

KALEFLUID has been awarded five Grands Prix, Five Grandes Medailles d'Or in Paris, London, Brussels, Rome and Florence. It is on sale in PARIS, at LABORATOIRE DU KALEFLUID, 49, Rue Balagny PARIS, and in BOMBAY, from KEMP and Co., Ltd., Charni Road, Queen's Street.

TRADE & FINANCE

SALES OF INTERMEDIATE BILLS INTRODUCED

Further Borrowing For Ways & Means

HEALTHY TONE IN SECURITY MARKETS

Weekly Market Reviews

MONEY.

Bombay, June 16

The money market was fairly steady with call funds quoted at about 1-1/2 to 2 per cent. Government accepted tenders for 1-1/2 crores at the average rate of Rs. 1-1-4 per annum. There are, however, Rs. 1,48,00,000/ Treasury Bills maturing for repayment to-morrow. Government have introduced sale of intermediate three months' Bills from the 14th at the rate of Rs. 99-12-0 per cent. They have borrowed a further Rs. 1 crore for Ways and Means, thus increasing the total under this head to Rs. 7 crores. Trade demand, as per Imperial Bank's latest statement, shows an increase of Rs. 228.94 lakhs. It may however be noted that this largely represents the fall in other deposits amounting to Rs. 234.58 lakhs which is probably due to payment for gold and also payment for treasury bills, maturities not coinciding last week, the former falling on the 9th and the latter a day later. The following are the fixed deposit rates.—One month 1-1/4 per cent; two to three months 1-1/2 per cent; and six months 2 per cent.

IMPERIAL BANK.

The statement of the Imperial Bank of India as on 9th June 1933, shows a decrease of Rs. 182.77 lakhs in the cash balance of the Bank now standing at Rs. 17,50,90,000 as compared with Rs. 13.84 crores at this time last year. The percentage of cash to liabilities is 21.39, a decrease of 2.04 per cent on the week. Loans and Cash credits are down by Rs. 2.51 lakhs and Rs. 14.49 lakhs respectively, while Inland bills discounted are up the Rs. 11.98 lakhs. Government deposits have risen by Rs. 167.95 lakhs to Rs. 7.61 crores, while Other deposits have decreased by Rs. 324.58 lakhs to Rs. 72.75 crores. The Bank rate stands unchanged at 3-1/2 per cent

GILT-EDGED MARKET.

A healthier tone prevailed in the gilt-edged market at the opening but the tendency was steadier during the latter part, following adices from London where the price of 3-1/2 India sterling loan improved from £79-1/2 to £80-1/2. The quotation for 3-1/2 per cent Paper in the local market, after declining to Rs. 79/6, recovered and closed at Rs. 80/10 The volume of business was however restricted being largely in the shape of carry overs owing to settlement. 3-1/2 per cent 1947/50 Loan after opening at Rs. 91/14, declined to Rs. 91/4, but improved and closed at Rs. 91/8. 4 per cent 1960/70 Loan opened at Rs. 94, dropped to Rs. 93/6, but recovered to the former level at the close. 4 per cent 1943 is almost unchanged at Rs. 100/4 and 1934/37 at Rs. 100/13. 4-1/2 per cent 1953-60 loan after opening at Rs. 102/ lost amount as 4 to Rs. 101/12, closing at Rs 10113 5 per cent 1939/44 Loan is quoted at Rs. 104/4, while 5 per cent 1940/43 Loan lost about 4 annas to Rs. 104/8. 5 per cent 1945/55 Loan maintained the las week's level of Rs. 109/13 of Rs. 109/13 and 1938/40 Loan of Rs. 106/5. 6-1/2 per cent Bombay Development Loan declined during mid-week to Rs. 106/8, but recovered to Rs. 106/10 at the close. 6-1/2 per cent Treasury Bonds closes at Rs. 106/2.

Through a mistake, it was pointed lno ur last, week's report that the 4 per cent Conversion Loan 1931/36 will be repaid by Government on the 15th idem, but the actual date for repayment is 1st July 1933.

EXCHANGE.

Sterling exchange was steady and rates were maintained at last week's level throughout the period under review. Sellers of ready T. T. quoted 1/6 1/32 with buyers at 1/6 3/32d, although business was off and on placed at 1/6 1/16d. A small fresh business for export of gold was transacted, while merchandise exports were limited. Enquries for remittances on the other hand continue negligible. At this weeks bidding for one million sterling, Government allotted 62 per cent of the amount tendered at 1/6 1/16. The following is the forward rate:—June to September 1/6 1/32.

The dollar sterling quotation fluctuated widely and there was a change of 4 to 5 cents at the end, the highest rate touched being dol. 4.18. At the close the rate eased ta dol. 4.03. The Paris-London rate, opening at 85-7/8, improved and closed at 86-1/8. The belga is quoted at 24.25 and the Italian lira at 64.69.

GOLD.

The gold market was somewhat quieter, particularly during the later of the week following a firmer London/Paris cross rate as well as lower sterling price for gold. The price for ready dropped from Rs. 30-4-3 to Rs. 30-2-9. Some fresh business for export of gold was transacted, but the volume was rather small. Arrivals from upcountry are moderate and are being utilised towards fulfilling outstanding contracts. In London the quotation for gold, opening at 122sh. 4-1/2d. improved to 122sh. 6d. But declined ti 122sh. 2d. at the close. The price of sovereigns likewise declined from Rs. 19/10 to Rs. 19/8/6, the closing rate being Rs. 19-9. Last week's shipment of gold per S. S. "Moldavia" amounted to Rs. 76.71 lakhs and per S. S. "Elysia" to Rs. 25.65 lakhs. The daily offtake continues unchanged at about 3000 tolas and stocks amount to about 4 lakhs tolas. The highest and lowest rates in our market were Rs. 30-4-3 and Rs. 30-2-9 for ready and June 9, settlement and Rs. 30-4-3 and Rs. 30-2-3 for July 8, settlement. The total imports during the week amounted to Rs 116,980 in bar and coin.

SILVER.

Fairly steady conditions characterised the silver market barring a temporary fall mid-week. This market has been dominated by various reports in connection with the payment of war debts in silver. So long as no final decisions are arrived in connection with the rehabilitation of silver at the World Economic Conference, the silver market is likely to remain dull and hesitant, although occasionally there may be wide fluctuations depending upon rumours spread in the markets regarding the final outcome of this question. The price of ready ranged between Rs. 58/3 and Rs. 57/12, but the premium on July settlement, commanding as much as one rupee mid-week, narrowed to about 10 annas towards the close. According to Reuter's message, the United States Government has agreed to accept from Great Britain 10 million dollars as a token payment of the instalment of war debts amounting to 90 million due on the 15th June. The payment is to be made in silver at 50 cents per fine oz. acquired from the Government of India. The actual cost of the siver transferred from the Government of India to British Government is understood to be approximately £1,600,000. Satisfaction is felt in local financial circles at this arrangement and it is indeed a good bargain for Government of India to be able to dispose such a large quantity of silver at the market rate, which in the ordinary circumstances would be considerably depressed if such a sale was actually effected in the open market. It may be pointed out that the total hoiding of silver in the Paper currency department of the Government of India amounts to Rs. 93.50 crores in rupee coins and Rs. 15.47 crores in bullion.

The daily off-take in the local market has decreased to about 30 bars with stocks amounting to about 10,000 bars. In Shanghai the dollar improved from 1/3 1/4 to 1/3 7/16d. In London the highest and lowest rates during the week were 19-7/16 and 19-5/16 for ready and 19-5/8d. and 19-3/8d. for forward. In our market the highest and lowest rates were Rs. 58/3 and Rs. 57/12 for ready June 12, settlement and Rs. 59/1 and Rs. 58/9 for July 12, settlement. The total imports during the week amounted to Rs. 34,031 in coin.

SHARES.

The share market ruled steady, particularly the cotton mill section. Price recovered from 5 to 10 points on last week's closing and the undertone appears to be quite healthy. Some fresh buying was reported in more active shares. The following are the fluctuations in some of the leaders:—Bombay Dyeing Rs. 825, 818/12, 821/4; Century Rs. 265, 260, 263/12; Central India Rs. 348/12, 341/4, 348/12; Crescent Rs. 64/6, 72/8, 73/12; Fazulbhoy Rs. 392/8, 385, 391/4; Kohinoor Rs. 173/2, 170, 171/4; New Great Rs. 150, 152/8, 161/4; Pearls Rs. 237/8, 236/14, 233/12; Simplex Rs. 100, 96/4, 98/2; and Swadeshi Rs. 255, 262/8, 275.

The miscellaneous section tended to be somewhat quieter in mid-week, but recovered and closed fairly steady. Tata Iron Ordys. opening at Rs. 52/10, declined to Rs. 51/10, but improved and closed at Rs. 52/4. Defds. likewise opened at Rs. 227/8, declined to Rs. 221/4 and closed at 233/2. Tata Hydros improved from Rs. 145/15 to Rs. 146/14. Tata Powers advanced from Rs. 952/8 to Rs. 975 and Andhra Valleys from Rs. 1,377/8 to Rs. 1,383/12. Alcock shares were almost steady at Rs. 180 and Bombay Burmahs at Rs. 465. Bombay Trams closed at Rs. 133/2 and Bombay Steams at Rs. 280. Bundi Cement shares were quoted at Rs. 22/12. Indian Cements at Rs. 253/12 and Katni Ordys. at Rs. 264/6. Katni Defds. remain unchanged at Rs. 957/8. In railway shares Tapti Valleys declined to Rs. 672/8, while other shares show no change in prices.

Imperial Bank shares declined from Rs. 1,212/8 to Rs. 1,205, while Contributories remained unchanged at 292/8. Bank of India shares, after declining to Rs. 103/4 closed at Rs. 103/8, while Central Bank shares are quoted at Rs. 22/2.

CALCUTTA.

The price of hessians declined from Rs. 12/2 to Rs. 11/3, but recovered and closed at Rs. 11/5. Jute shares in the Calcutta market, after being dull and quiet, closed somewhat steadier.

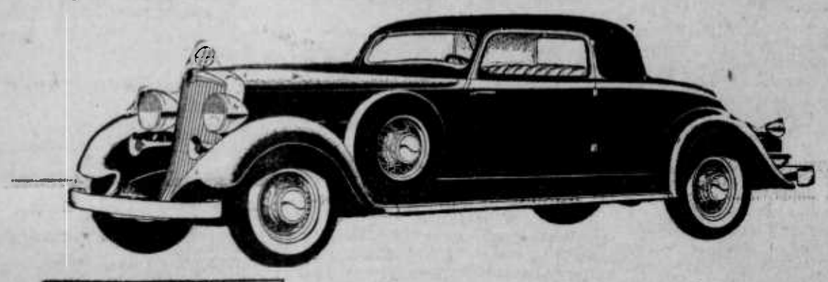
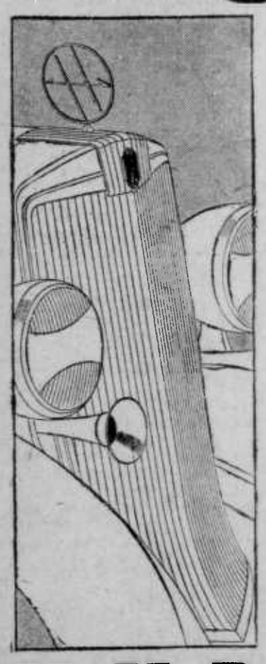
NEW "SILVER ANNIVERSARY" EIGHT
presents GOLDEN EXTRA VALUES





Who but Hupmobile—with its twenty-five-year-old reputation for pioneering the most successful advancements motordom knows—could so thoroughly adapt itself to the new order of things . . . the *changed* condition of the average purse and the *unchanged* taste for luxury, roominess, bigness, speed and power.

Hupmobile has met this problem brilliantly in the new "Silver Anniversary" Eight . . . which, for even *less* money, presents a car of astonishing bigness, length, speed and power. Its style is entirely its own. Original. Daring. Winner of Europe's highest style awards. What is more, this magnificent new Eight will give you longer service at lower upkeep cost and higher trade-in value than any previous Hupmobile—or present Hupmobile rival.

Dramatic new "Eight" highlights include aero-dynamic designed chromium radiator; longer hood with fashionable narrow cowl; new door-type hood louvers; safety glass windshields. Plus the exclusive Hupmobile features for controlling road-shock, eliminating "sideway" and banishing vibration, that endow the Hupmobile with distinctive riding luxury. Hupmobile's "Silver Anniversary" Eight is unquestionably the car for the careful investor!

Face Peeling At Home

Any woman nowadays may quickly rejuvenate her complexion at home by a safe and painless process of gentle absorption. The days of expensive and dangerous "operations" are past, and each woman can be her own beauty doctor. It has been discovered that ordinary mercolized wax, applied like cold cream at night, will cause the thin veil of lifeless, sallow or blotchy cuticle to gradually and gently flake off in invisible, flour-like particles, revealing the fresh, vigorous and beautiful young skin underneath. The wax absorbs only the unhealthy and unsightly outer film, and does not affect the healthy tissue at all.

The process defies detection, and unveils a lasting and beautiful complexion, which is, of course, a perfectly natural one. For this purpose thousands of women are now using mercolized wax, which may be obtained at any chemist's. Naturally, the process also removes all such surface blemishes as freckles, blotches, pimples, tan, liver spots, etc. It makes the face look years younger and prettier, and renders the use of face creams unnecessary.

A Page About Pictures And The People Who Make Them

SHOWN ON THE SCREEN

2ND WEEK OF "KING OF THE JUNGLE" AT PATHE

The great success attained by "King of the Jungle," has necessitated its repetition for another week at the Pathe Cinema. The film has drawn packed houses every day and provides a wholesome entertainment for both young and old.

The story is based on the book written by Chas: T. Stoneham and refers to a party of three people who went to Africa for photographing wild animals. There they lost their lives except the little child who was never heard of again, but supposed by the natives to have been brought up by lions.

The part of the man of the wilds is played by Buster Crabbe, an Olympic Swimming Champion, and Frances Dee, the young and beautiful actress takes the feminine lead.

The Lion Man is captured together with his lions and brought to America to perform in a circus. He yearns to go back to Africa and eventually does so together with his lions but not before some every exciting things happen.

Mr. R. H. Naylor, the well-known London astrologer, is making his first appearance in film work in the production of "What The Stars Foretell." Photo shows Mr. Naylor with "Cleopatra" during the making of the film.

The circus catches fire and the wild animals run amuck in the streets of a busy town. There are also terrific fights between a lion and a tiger, and a lion and a bull.

The picture is well worth seeing, being the best of the Jungle films so far.

SECOND WEEK OF "KID FROM SPAIN" AT WELLINGTON

Rarely has any picture "caught on" with the Bombay cine-goers as the 'Kid from Spain' has done at the Wellington Cinema, Dhobi Talao. Throughout the past week it has drawn enthusiastic crowds, and on account of the great rush the film is continued for the second week.

The chief attraction of the picture is, of course, the fine comedy and delightful singing of Eddie Cantor who surpasses his previous work in "Whoopee" and "Palmy Days." His performance has a colourful background of scores of dazzling beauties chosen by Samuel Goldwyn in a competition of 8,300 prettiest girls of various countries.

The cast includes Lyda Roberti, Ruth Hall, Robert Young, John Miljan and Sidney Franklin, the famous bull-fighter who appears in the most authentic scenes brought to the screen for the first time. One of the highlights of the picture is the gay festival which is a veritable riot of colour, beauty and music. There is no doubt that the film is one of the best ever seen in Bombay.

"FAST LIFE" AT CAPITOL

The fastest moving action picture of the season comes to the Capitol Theatre starting to-day with the appearance of William Haines and an all-star cast in "Fast Life," the breath-taking motor-boat racing picture recently completed at Catalina Island and in the Los Angeles Harbour by the Metro-Goldwyn-Mayer studios.

Haines is given one of the strongest portrayals of his career as the irrepressible "Sandy," a motor-boat mechanic who has a new idea for a engine that will break the world's record. He drives his boat through a race that will send thrilling chills down the spine of even the most apathetic theatre-goer.

Cliff Edwards pokes his expressive countenance into a series of comedy situations with Haines, through which they both have many hilarious adventures. Madge Evans is seen in a sparkling role as the daughter of a wealthy racing boat builder who obtains jobs for Haines and Edwards in her father's company.

The two-mile-a-minute story is based on E. J. Rath's novel, "Let's Go," in which a young motor-boat mechanic and his assistant are determined to get backing for their new type of engine. When they finally do get a wealthy boat builder to construct a craft using their plans, they have a serious accident and are forced to resort to piracy among the millionaires' yachts in the harbour giving I.O.U.'s for the money they take. The way the two speed boat demons finally do get their boat in international competition leads to a smashing climax.

Advance comment on the picture by motor-boat experts has established that the camera work on race scenes is the most realistic ever accomplished in motion pictures. With the added punch of sound recorded while the huge water monsters were roaring on their way, "Fast Life" tops all previous talking picture thrills.

CONRAD NAGEL AS "HEAVY."

The "Heavy" in the racing feature is portrayed by Conrad Nagel Arthur Byron, well-known New York stage actor, fills the role of "Jameson," builder of racing boats who finances Haines and Edwards with their new type engine. The remainder of the strong supporting cast includes Warburton Gamble, Kenneth Thomson, Albert Gran and Ben Henricks.

Following his outstanding work on "Shipmates" and "When a Feller Needs a Friend," Harry Pollard handled the direction on the motor-boat thriller.

This excellent programme includes the 1933 Derby as well as an all colour Educational picture on Fish and a Flip the Frog comedy cartoon.

A scene from the Ufa production "The Blue Angel," starring Marlene Dietrich and Emil Jennings, which will be released at the Excelsior beginning from Saturday, June 24.

"DOCTOR X" AT EXCELSIOR

Well contrived mystery mixed with sturdy melodrama and brilliant comedy and perfect technicolour will hold the audience spell-bound at the Excelsior Theatre, where the First National Picture, "Doctor X" opens its run from to-day.

The greater part of the story centres about a group of doctors attached to a medical research centre. Suspicion has been cast on them in connection with a series of mysterious murders committed only at the full of the moon. Doctor Xavier, head of the institution, conducts his own experiments, independent of the police, to discover the murderer; but these experiments only seem to help the unknown murderer in his depravities.

A young newspaperman, glib and witty, follows the course of the murder investigation against odds and opposition. He comes in for several hard knocks himself, but nothing deters him from getting the story. He finds an added attraction in Doctor Xavier's daughter, whose life he ultimately saves when the others are helpless to prevent the murderer from getting her. This latter scene is one of the high spots of the picture.

As the newspaper reporter, Lee Tracy (perennial reporter of both stage and screen) displays an excellent and novel quality of acting.

Lionel Atwill, actor and director of stage plays, contributes a forcefully superb piece of acting as Doctor Xavier, while the daughter is well played by Fay Wray with the balance of the cast of well-known names very aptly fitted to their parts. The players include George Rosener, Leila Bennett, Robert Warwick, Willard Robertson, Thomas Jackson, Harry Holman, Tom Dugan and Mae Busch.

8th WEEK OF "SINHGAD" AT MAJESTIC

"Sinhgad" the historical Marathi talkie picture of Prathat Cinetone of Kolhapur is now stepping into its 8th week at the Majestic Cinema. The silent original of this picture was released in Bombay some seven years ago.

The talkie is so to say a movie version of the famous Marathi novel by the great novelist of Maharashtra Mr. Haribhau Apte, whose novels are popular amongst all classes. The picture depicts the thrilling story of the martyrdom of Tanaji, a great lieutenant of Shivaji in capturing the fort of Kondana. The killedar of Kondana, a traitor from the court of Mughals, was practising all sorts of zulum on the ry The honour of Kamalkumari, a Rajput lady whom Udebhanu dragged off from the Sati-fire, was in danger at the hands of Udebhanu. Tanaji in attempting to save her honour died a hero's death on the battlefield. However, the fort was taken in the end by his comrades.

The producers have spared no pains to make this picture a perfect one. The outdoor photography is clear and settings gigantic. The actors and actresses have kept up the high standard of the Prabhat Cinetone.

MARLENE DIETRICH

in the man's lounge suit in which she reached last month. She declares she intends to wear men's clothes for good. She adopted them in Hollywood because they suited her and she said in Paris: "I don't know why you make so much fuss about it in Europe."

LAST WEEK OF "PURAN BHAKTA" AT WEST END

The increasing popularity of "Puran Bhakta" has extended its run for an extraordinary period in Bombay. It is now commencing its 15th week at the West-End Cinema, Lamington Road, and we understand that this is its last week.

For music and the high standard of technique and acting of the caste, there is no Indian picture which can approach this New theatres' production. Particularly, the exquisite singing of Krishna Chandra, the blind singer of Bengal, has an unfailing appeal both for its aesthetic enjoyment and spiritual note. The drama, full of interesting incidents, is very well enacted by a capable cast including Saigal, Kumar, Anwarjan, Umadevi and others.

"LORD CAMBER'S LADIES" AT ROXY

Sir Gerald du Maurier, the eminent stage-actor has his first talking role in "Lord Camber's Ladies", which will be shown this week at the Roxy, New Queens' Road.

Another star who makes a welcome re-appearance after a long time is Gertrude Lawrence, the famous revue and musical comedy star whose performance is always a real treat.

Splendid support is given by the other members of the stars including Benita Hume, Nigel Bruce and Betty Norton. Directed by the rising young dramatist Benn Levy, and produced under the supervision of Alfred Hitchcock, this is a superb picturisation of the popular play by Horace Annesley Vachell.

Sir Gerald does full justice to the role of the irascible but lovable Dr. Napier who falls in love with Janet King, a charming flower-seller, whose disappointment in her romance with Lord Camber, drives her to become a nurse in a hospital. Here Janet is accused of poisoning Lady Camber but she clears her name when Lord Camber confesses to the murder of his wife from whom he had been estranged soon after their marriage. After a series of cross-currents of love, jealousy and intrigue, Dr. Napier and Janet find peace in a happy marriage.

"THE LODGER" AT EMPIRE

Way back in the silent days "The Lodger" made a considerable stir. It was acknowledged as a British picture that struck a new and invigorating note in home production and the best thriller to date. That was six years ago and "The Lodger" was then produced as a Gainsborough Picture. A new version has now come from the Twickenham Studios, this modern adaptation of Mrs. Belloc Lowndes being directed by Maurice Elvey.

As in the previous version, Ivor Novello plays the part of the mysterious lodger with strange and mystical touch. He cleverly maintains the suspense of the action by his deliberation, and the dialogue is at all times mystifying as his movements and general attitude.

A strong cast supports Mr. Novello. Elizabeth Allan is "Daisy Bunting", A. W. Baskcomb "Mr. Bunting", Barbara Everest "Mrs. Bunting" and Jack Hawkins "Joe Martin."

"RED DUST" AT CARLTON

The brutal, fever-bound, dangerous, but withal glamorous existence of life on a rubber plantation in Indo-China is revealed in all its dramatic perspective in "Red Dust", which opens at the Carlton Theatre to-night as a co-starring vehicle for Clark Gable and Jean Harlow.

Apparently no effort was spared to bring the Wilson Collison stage hit to the screen with all its original power. To put it mildly, this picture has "everything", from sizzling love scenes between Gable and the seductive Miss Harlow, to intensely exciting situations in which the entire cast is involved. Shots of terrific jungle storms and hurricanes that sweep through the little known locale of the story provide many breath-taking thrills.

MARLENE TAKES TROUSERS OFF

Marlene Dietrich, blonde Venus of the screen, whose trousers shocked Paris when she arrived there from Hollywood appeared for dinner at her Versailles hotel in an elegant evening gown of the latest design.

Fashionable diners in the ultra-fashionable hotel were too polite to stare. Just a covert glance or two and a quickly-suppressed smile.

For, of course, none of them really believed that Miss Dietrich would appear in a white tie and tails.

With her were her husband, Mr. Rudolph Sieber, her mother, her sister and her little daughter, Maria.

Miss Dietrich has made arrangements to stay several weeks at Vercailles before going to the Riviera. She is expected to return to Hollywood in September.

Constance Bennett is financing a scenic film of the Dutch East Indies, to be produced in natural colours by her husband, the Marquis de la Falaise.

Chester Conklin, the veteran comedian, is being divorced by Mrs Conklin.

"WESTERN TALKIES v. INDIAN TALKIES"

AN APPEAL TO INDIAN PRODUCERS

(By M. S. Mohun formerly Asst. Didector, National Films, Hyderabad.)

The talkie craze that swept the United States has had its repercussion in the Indian Filmland, as evidenced by the feverish haste with which the Indian producers followed suit, forgetting in their eagerness to keep pace with Hollywood, the fundamental fact that they had in no sense brought their silent films to a state of perfection attained by their Western compeers.

The advent of the Talkies, however, was heralded with the trumpet of joy by the British Film Producers, who had the immense advantage of having well groobed stage artists trained in the art of elocution. The English language being their mother tongue and a widely known language, their talkies could easily reach the world market. As a result, the British Film Industry has taken giant strides within the space of a few years.

Now, in the case of the Indian talkies, language has become an impediment, there being no common language for the whole of India. Although provincial talkies have found favour with some producers, the market they afforded them has been limited, indeed. If, however, they take to Hindi (as they have now done) as the medium, the difficulty is still there. Hindi is yet to become the lingua franca of the people of this great sub-continent. The market they have found for their talkies do not cover the whole of India. Added to this important fact, the progress made by our producers in the realms of acting, sound recording, photography, pictorial display, etc., has been poor; nevertheless, the talkies being a novelty found favour in the eyes of the people.

The phenomena of a large Indian crowd witnessing an American talkie without understanding a word of what is spoken is, indeed, not surprising, since they could very well follow the story even without understanding the dialogue. The masterly handling of the story the natural and superb acting combined with excellent photography make the American talkies entertainment par excellence.

The talkies coming out from Hollywood have made giant strides in the course of a few years and although more than two years have elapsed since the talkies began to boom in the Indian movieland, they have hardly progressed far. I could think of only a few pictures that were out standing, whereas every picture that issues out of Hollywood studios is acclaimed as a great one. What we lack are good stories and good Directors. The producers do not care to get the right sort of stories that will have an all India appeal. They rely more upon the stories which the Directors themselves write, which invariably are not the product of their own imagination but borrowed from Western pictures. Thus, there is no originality in their stories, and naturally such stories can scarcely make any appeal to the audience.

LACK OF GOOD DIRECTORS.

What qualifications do our Directors possess to give us really good picture? What experience have they of humanity of human emotions? Have they dived deep into the psycology of human nature? The pictures that we see every day clearly indicate that our Directors have made no such study.

The success of a picture depends upon the genious of a Director. What a galaxy of glittering names there are in American movie-land! To give the names of a very few—Cecil Be de Mille, Ernst Lubistch, Howard Hawks, Clarence Brown, B. W. Griffiths, etc.,—names that spell box office success. There are scores of them in Holywood. Have we one such Director in India? It is due to the absence of the masterly touch of such Directors that our pictures lack the beauty, the liveliness and the power to engross the attention or move the audience off their feet. We must aim at originality in all that we do. I wish I could din this into the ears of our producers and directors.

It is abundantly clear that the talkies, imperfect though they are have come to stay. The producers have bidden good-bye to the silent pictures, although there are a few Companies still shooting silent pictures, but I am confident they will not survive long. How far they are going to improve their talking pictures is to be seen. But from the stuff they are now producing, one is not warranted to entertain rosy views of the future. So long as the Film Industry is dominated by obscurantists, the Industry will never be allowed to rise to its full height.

If our talkies have to scale the heights reached by the Hollywood films, there must be a thorough reorganization in our film studios and a different outlook—broader and finer—on the part of the producers. They must completely eschew all that savours of inefficiency and adopt the successful methods of Hollywood producers, and thus make the Film Industry in India what it is in America.

Will the producers respond to this appeal?

A scene from "King of the Jungle," starring Buster Crabbe and Frances Dee, continued for a second week at the Pathe Cinema.

EMIL JANNINGS IN "BLUE ANGEL"

Forthcoming Attraction At The Excelsior

Winner of the much-coveted gold-medal for the best screen acting in 1928,—the highest award of merit granted by the Academy of Motion Picture Arts and Sciences,—Emil Jannings was one of the dazzling stars of the firmament in the silent days. He will be seen after a long interval in his first talkie in English, "The Blue Angel" coming to the Excelsior next week.

Co-starring with Emil is Marlene Dietrich, the German beauty who took the world by storm by her fascinating work in Morocco, "Shanghai Express" and other pictures already seen in Bombay. The production is lavishly filmed by the famous Ufa company of Berlin which claims the honour of training some of the best stars who have later gone to Hollywood. For the high standard of its technique, the dramatic interest of the story and the fine acting by every member of its capable cast, the picture has been enthusiastically acclaimed in America and Europe, enjoying a record run of 8 months in London and 12 months in Paris.

The picture will be released in Bombay by Mr. H. L. Kapoor of the Northern India Theatres Ltd. who have secured the booking-rights for India of all the Ufa productions. It bears the impress of the artistry of the ace-director Josef von Sternberg. Emil Jannings gives a masterly characterisation as the respectable professor who succumbs to the seductive charms of the beautiful cabaret-singer, played by Marline Dietrich who sings some tuneful melodies in her peculiarly charming manner. The various phases of the character are well-developed as the professor travels the road of degradation under the influence of an unscrupulous woman, meeting his tragic end in the hour of his disillusionment.

FEARS OF IMPORTS OF FINE YARNS FROM JAPAN

Indian Mills Dictate Full Prices

MANCHESTER PRICES TOO HIGH

BOMBAY, June 14.

The Yarn Market has remained fairly steady during the past week with restricted turnover in all kinds of yarns, particularly in Japanese yarns, whereas prices have remained practically unchanged. At the close of the week however on account of quiet tone in the raw material as well as due to unfavourable reports about the political situation in Europe, particularly in connection with the War Debt Problem, and the unsatisfactory progress at the World Conference in London, have had their usual effect on the market as a result of which prices have been slightly easy with a quiet undertone. The enthusiasm and the confidence that were in evidence amongst the dealers and consumers during the last week are not found during the week under review and it seems as if a certain feeling of nervousness has been developing regarding the future course of the market. The latest news about the strong determination of the Japanese Spinners to Boycott Indian cotton has also been affecting the yarn prices unfavourably, and in the midst of these circumstances naturally buyers prefer to wait and watch further developments before committing any purchase on a large scale. The considerable delay in the announcement by the American President regarding the proposed 30 per cent reduction of Acreage this Season, has also produced an uneasy feeling amongst the local traders and the cumulative effect of all these and other circumstances that has recently developed has been rather unfavourable and the turnover in yarns therefore at the close of the week has been very restricted. Reports from consuming districts have been showing very slow and gradual improvement in the offtake of yarns in as much as the sales of the Handloom cloth so far are not very satisfactory. It is believed that it will yet take time before the huge stocks of Handwoven cloth have been cleared off and naturally it will take a much longer time for a satisfactory demand from the consumers and weavers for our yarns. Besides, the prices offered by most of the consuming districts have been yet very low and unattractive and most of them have been rejected by our mills. On the whole the future tendency seems to be rather uncertain at the moment and pending satisfactory solution of the very difficult and intricate World Problems at the World Economic Conference, definite improvement in the Yarn market cannot be expected.

ENGLISH YARNS

Manchester prices have been much higher compared with the Japanese yarns and no forward business has therefore been possible during the week. It is also feared that on account of the recent 25 per cent increase in Import Duty on non-British Piecegoods, the Japanese Spinners will concentrate their attention on spinning add exporting more yarns for India and it will be therefore increasingly difficult for the Manchester or Indian Mills to compete with the Japanese finer yarns over 30s counts.

JAPANESE YARNS

The slight advance reported in prices during the last week has again been lost in all kinds of Japanese yarns in Greay Single and twofold yarns and Mercerized and other qualities due to limited offtake and in the absence of confidence amongst the dealers. Japanese Import Houses have been quoting more or less the same prices, but the buyers have no confidence and most of them are of the opinion that before long the Japanese Spinners will concentrate more attention on Export of yarns in India and if this is so, prices in Japanese yarns over 30s counts will have to be lowered. Turnover in yarns during the week has been very restricted and the prices are rather inclined to decline at the close. Exchange has remained pretty firm at about Rs. 84 but Sampin has been found to be fluctuating with prices of Raw material. Tendency at the close is rather steady.

ART SILK YARNS

The Itaian Syndicate will not be worth its name if it does not make certain changes every week either for better or for worse. During the Week once again they have decided to charge quarter of an anna more per lb. for goods imported at Madras as compared with their goods imported at Bombay. Similarly the Imports at Tuticorin will have to be paid half an anna higher compared with the imports at Bombay. It is almost impossible for dealers to understand why these differences vary from time to time particularly when the freight rates to these Ports have been more or less stationary since a long time. In any case these changes have been producing a disturbing effect on the prices at Ports and in the consuming districts round about. Demand for Art Silk yarns continues more or less satisfactory particularly in Southern India and there has been a scarcity of stocks in 150 Den. The Japanese Import Houses have been watching the situation very carefully and it is very likely that in view of the hopeful tone of the market some further business in Japanese yarns will be arranged.

INDIAN YARNS

Although prices of Raw material have declined to some extent, our mills have been maintaining a firm attitude and do not show any inclination to make sales at lower prices whereas dealers have lowered their limits and are not inclined to pay any higher prices. Fresh sales therefore during the week have been very small. Reports from almost all consuming districts are not yet satisfactory, and prices offered from most of them are so very low that most of the dealers do not think it advisable at the moment to make large speculative purchase in anticipation of the improvement in the market. The future tendency is rather uncertain at the moment.

FUTURE OF SUGAR INDUSTRY

No Room For More Factories, Says Haji Haroon

KARACHI, June 14.

Haji Abdulla Haroon M. L. A. has issued a statement to the Associated Press on the future of the Sugar Industry in India, in the course of which he states:

"I want to dispel the erroneous impression in the minds of the people that the Sugar Industry is likely to continue in its present enviable condition for more than a year. Next year alone as a result of the establishment of a large number of factories the production of sugar will be equal to the consumption of sugar in the country and in 1934-35 there is bound to be a great surplus of production over consumption.

The result of this will be that the sugar industry, unless the establishment of new sugar factories is stopped, will be in a depressed state. It is necessary therefore for the investing public to know that there is hardly any room for more sugar factories now."—A. P.

DESHBANDHU ANNIVERSARY.

Congress Flags Hoisted On Corporation Buildings

CALCUTTA, June 16.

On the occasion of the eighth anniversary of Deshbandhu Das, Calcutta's first Mayor, mass prayers were offered at the Shahnagore Burning Ghat, where his remains were cremated.

At the termination of the prayers, Mr. S. K Basu, the present mayor, appealed for funds for the completion of the memorial, on which work had already begun.

Congress Flags were hoisted on the Central Municipal Office, the Town Hall and other Corporation and private buildings.—A. P.

SHARP DROP OF TWO DOLLARS A BALE

Heavy Selling By Professional Operators In N.Y.

EXCHANGE STABILIZATION AND PROCESSING TAX PLAY HAVOC

Confused State Pending Immediate Official Announcement

A forty-point drop in cotton prices and a fall of over one cent in Wheat together with a decline of 1 to 7 points on the New York Stock Exchange was typical of the sharp setback in the chief American markets on Thursday.

Reports from Washington indicating the imposition of a processing tax on cotton and wheat had a depressing effect on commodities.

Rumours of the preliminary Dollar-Sterling stabilization around 4.00 created nervousness, and professional operators were free sellers.

It was later suggested that the progressing tax would not be effective on the present crops, but markets were confused and turned dull, pending the expected official announcement on Friday.

If the new tax becomes an obstruction to the improvement of commodity prices, President Rosevelt who has wide powers, will undoubtedly prevent any material decline.

BOMBAY, June 16.

On Thursday the New York cotton futures market was weak on liquidation influenced by favourable weather and weakness of Wall Street. The market opened at about the highest level of the day at a decline of 4 points. There was heavy professional selling throughout the day and the market closed at about the lowest level of the day at a net decline of 40 to 44 points. Spot Cotton prices declined 40 points at 8.95c.

The New Orleans Cotton futures market was also weak and closed at a decline of 35 points. Spot cotton prices declined 38 points at 8.85c.

The Liverpool cotton futures market opened at a rise of 5 points. The market was steady on favourable War Debt news. There was persistent trade calling on lower exchange. Then there was straddle selling and hedging. Bearish view was taken of the processing tax.

The market closed steady at a rise of 2 points. Middling American spot cotton prices advanced 9 pts. at 6.33d per lb.

East Indian cotton futures market was steady and closed at a rise of 2 points. Egyptian cotton futures section was quiet but steady and closed at a rise of one to two points.

The Alexandria cotton futures market was steady and sakels closed at a rise of 12 to 17 points while Ashmouni contracts advanced 3 to 8 points.

PROCESSING TAX

The U.S.A. Government is expected to issue a statement on Friday giving full details about the processing tax on cotton and wheat. This tax is a part of the Farm Relief Bill intended to use the amount realised in reducing the acreage under cotton and wheat cultivation, President Roosevelt has laid enough stress on raising commodity prices by inflationary and other means. Thus he present change in the general sentiment is unexpected and heavy selling by professional operators created considerable nervousness. The whole situation is now full of confusion and while we believe that the American Government will use all powers to arrest any material decline, we think caution is needed at the moment, and prefer purchases on any further decline for a quick term.

ACREAGE REDUCTION

Messrs. Thos Smith and Co., State:—

The latest news from Washington indicates the processing tax may not be levied this season and the Government announcement is expected to-day.

Apart from the expected announcement on acreage reduction it must be remembered that President Roosevelt has very wide powers and will undoubtedly use them to prevent any decline in commodity prices. The rapid progress being made towards currency stabilisation is another very important factor and the latest cables point to an early stabilisation of serling in the vicinity of 4.00.

PRIVATE CABLES—

New York October Highest 9.49—04 (10 a.m.)

New York October Lowest 9.10—43 (2-55 p.m.)

Messrs. Patel Brothers have received the following cables:—

11-06 a.m.: Liverpool market advanced on War Debt news.

8-54 p.m.: New York. Professional selling at the close.

Our New York friends cabled as under:—

"Heavy speculative liquidation; market reaction also preliminary Dollar Exchange stabilization rumours and probable imposition domestic processing tax in connection with acreage reduction. Immediate future uncertain."

Messrs. Chunilal Mehta and Co. have received to-day the following cable information from their foreign friends:—

Liverpool: The market will be governed for the present by the political outlook which will affect the market. Our opinion is that the position is favourable in the long run. Advise buying on reactions.

Liverpool: Tone uncertain due rumours provisional stabilization Sterling-Dollar rate and acreage curtailment plans.

New York: Market has shown decided resistance in face of conflicting news from Washington regardig textile tax. Believe this is a favourable time to buy. Good business doing in cotton goods, yarn market—at higher price.

New York: Technical condition of the market weak. Large long interest seems too exist. Stock market weak influencing this market. Weather dry but beneficial. Planting about completed. Do not think market will go much lower in view of inflation.

New York: Uncertainty administrations acreage processing tax plan caused selling. Authoritative statement expected to-morrow.

New York: Market affected by heavy liquidation and unfavourable interpretation processing tax on cotton wheat. Believe processing tax will insignificantly affect consumption distribution these commodities. The important factors are heavy acreage reduction and further considerable devaluation Dollar which believe exceedingly likely but presently ignored. Hence consider cotton this level should be bought.

New York: Final decision decrease in acreage has not been reached. Weakness Sterling. Weather continues favourable induced heavy liquidation. Technical position much strengthened.

New York: Elimination incentive for holding commodities on inflation danger causing liquidation. Further decline would greatly assist negotiations acreage purchase.

Messrs. Langley & Co. have received the following cables from their Liverpool agents:—

(1) New York poor apparently not liking strength dollar and processing tax. Talk of temporary stabilisation dollar around four but nothing definite.

(2) New York wires department agriculture deny decision reached processing tax.

The State Of Trade

Bombay, June 16.

Principal local markets are summarised below:—

MONEY — Steady. Call funds quoted at 1-1|2 p.c. Sales of Intermediate treasury bills introduced.

SECURITIES—Prices fluctuate within a narrow range. Undertone steady. Indian sterling securities improve. Small turnover.

SHARES—Mill shares rule steady. Good demand for cement shares. Steel shares expected to be active. Power shares in demand.

COTTON—Confidence impaired. Buyers holding aloof American advices conflicting. Professionals and exporters sellers. Rapid changes expected.

BULLION—Silver market barely steady. Shanghai exchange steady but New York Silver market weak. General outlook uncertain. Gold quiet but steady.

COTTON STRADDLES

APPROXIMATE DIFFERENCES.

New York-Liverpool—July 281 October 251, January 241.

Bombay - Liverpool — Broach J/Aug 1933 (205)—Liverpool July 5.83 Rs. 48-3/4 at Exchange 1/6.

Broach A/May 1934 (224)—Liverpool May 1934 5.93 Rs. 34-1/4 at Exchange 1/6.

Bombay-New York—Broach J/Aug (205)—New York July (8.85) Rs. 39-3/4 at 4.02 Cross Rate.

LONDON SILVER MARKET

Continent Selling

LONDON, June 14.

"Messrs. Samuel Montagu and Co., report:—During the week under review sales on Continental account were made consistently but supplies were fairly well absorbed by speculators and by some demand from the Indian Bazars. Speculative buying was also a feature of the week, the opening of the World Economic Conference in London having possibly influenced this demand in view of the likelihood of the question of Silver being nearer discussion. Business with America has been affected by the fluctuations in the Dollar Exchange and although New York has generally been a buyer, sales were also made from this quarter during the past week."

SHORTS COVERING

Bombay, June 16

Following a sharp and unexpected drop in New York futures the local market opened weak at Rs. 205/ for Broach J/A. delivery against last closing at Rs. 212/12. In view of uncertainty about the processing tax in the United States, shorts were inclined to cover and in the absence of any selling prices recovered to Rs. 207/8.

At this level there was some nervous liquidation and prices declined to Rs. 206/8 while Broach A/M. 1934 delivery was quoted Rs. 225/. In view of approaching time of delivery against Broach J/A. contracts, longs are liquidating their purchases of this contract in some cases they are transferring to new crop months. This action on the part of operators is expected to widen the difference between prices of this year and next years crop. The general feeling is uncertain and operators are acting with caution.

Liverpool market was due to open at a decline of 16 points but it opened steady at a decline 13 points. The local market ruled steady but later on prices declined on increased selling. It was rumoured that steamers carrying cotton to Japan are coming back. The market displayed weak tone and closed at 5-30 p.m. as under:—

Cement Shares In Good Enquiry: Market Acts Well Despite Drop In Cotton

Bombay, June 16.

In view of a sharp decline in raw cotton prices, the share market was generally expected to show weakness but the action of the market was impressive. As a matter of fact the market opened lower but immediately improved on good support. Various rumours of protection and all large orders attracted buyers for cement shares which showed good undertone. On the whole there was no nervous selling and the close was slightly weak than the last close. The decline in cotton prices was ignored as the technical state of the market is healthy. There is no accumulation of weak long interest. The future course more depends upon political developments in Europe and America, but there seems to be no reason for any material decline in the near future. Several operators are not hopeful about the Economic Conference and are against purchases which is a health sign for the continuous steady markets. The additional protection granted to the textile industry is bound to have far-reaching effect on the industry. Boycott of Indian cotton by Japanese mills is bound to decrease exports of cotton to Japan. Even the Continent which is the second largest buyer of Indian cotton will not buy freely our cotton unless it is cheap. Thus Indian mills will have considerable advantage of buying cheap cotton:—

GOLD AND SILVER

Bombay, June 16

The local Silver market ruled quiet but steady to-day and prices fluctuated within a narrow range. In view of easier advices from New York, operators were quiet while small buying was responsible for a small improvement of annas two from the opening level. Shanghai Exchange was also unchanged. The Gold market was dull and prices were easier.

Residents of each Ward who have grievances to represent should be present at the appointed place and time.

SAVED FROM GALLOWS

Not Sufficient Evidence To Sustain Murder Charge Says Judge.

Mr. Justice Baker and Mr. Justice Broomfield, sitting as vacation judges on the Appellate side of the High Court, heard the appeal filed by Rama Pandu Mati against the sentence of death passed on him by the Sessions Judge of Sholapur, who convicted him of murder.

Mr. S.Y. Abhyankar defended the accused and Mr. B. G. Rao, Government Pleader, represented the Crown.

The prosecution case was that the present appellant and two other co-accused, all belonged to one family, had ill-feelings against the deceased Jayappa. This was explained by the fact that about seven years ago, the deceased had seduced the widow of the third accused's brother. A few days before the last Dusserah holiday, four oxen of the accused died, and the accused suspected that they were poisoned by the deceased. The accused, therefore, conspired to do away with the deceased, for which purpose they took the help of one Chandriya, who later turned an approver.

FATAL ATTACK.

In pursuance to the conspiracy it was alleged, the accused fatally attacked the deceased as he was returning from a neighbouring village.

The accused's defence was that they were falsely implicated by witnesses, who were hostile to him on account of some dispute regarding land.

In the Sessions trial, the present appellant was convicted while the other two were acquitted.

Their Lordships, in acquitting the appellant, held that there was not sufficient evidence to sustain the charge.

GANG ATTACK WEDDING PARTY

For refusing to pay a party of Hindus an unlawful Tax of Rs. 25 on the occasion of the marriage of his brother, one Anandarao Ghagte, had to suffer a heavy loss at the hands of Dewi Gowli, the head of the gang and his men, who broke the wedding procession, assaulted the party with sticks, and removed head dresses and other things worth Rs. 170.

Gowli and others later went and destroyed the marriage Mandap and caused a loss of Rs. 50. Anna Tatyaba, one of Gowli's men was arrested by the Nagpada Police on Thursday, and placed before Mr. P. L. Thakker, Presidency Magistrate, Mazagaon on Friday morning.

The Police applying for the remand of the accused, stated that on June 7, Gowli, who is absconding, went to Anandarao Bhujangrao Ghatge, whose brother's marriage was to take the same evening and demanded from him Rs. 25 as his post (an Unlawful Tax). Ghatge refused to pay the amount and Gowli went away.

PROCESSION ATTACKED.

At abouut 9-30 the same night, the marriage procession consisting of more than 200 persons was going along the Lamington Road, when Gowli and 15 others who were armed with lathies and bamboo sticks attacked the procession, and assauulted several persons, and removed the head dresses, including embroidery, silk phetas and instruments such as lezim and dhol collectively valued at Rs. 170. By the time the police reached the place, the assailants had escaped, and the police removed the injured persons to the J. J. Hospital, where they were treated and allowed to go.

Once again at 2 a.m. Gowli, and his men are alleged to have gone to the Marriage Mandap and assaulted the persons sleeping in the Mandap and pulled down the mandap, and made good their escape.

The damage done to the Mandap was of about Rs. 50.

During the enquiries the Police arrested one Arjoon Baboo, who is believed to have been with Gowli on the night in question. Gowli is still absconding. The accused Anna Tatyaba was arrested on Thursday morning by the Nagpada Police.

The Magistrate remanded the accused to police custody till June 22.

Mr. P. D. Runganadhan, leader of the party of 24 students and professors from Delhi and Punjab Universities, who will sail on Saturday on an educational tour in England and Europe.

ATTACK ON HINDU BY MOHAMEDANS

A Mahamedan, entered the room of a Hindu and demanded Rs. 25 which being refused, he was assaulted with knife and sticks. Abdul Rehman Hussein, the culprit was arrested by the Pydhonie Police on Thursday and placed before Mr. P. L. Thakker, Presidency Magistrate, Mazagaon on Friday.

The police applying for the remand of the accused stated that on June 11, at 9 a.m. he with six others armed with lathis entered the room of one Ramsingh Premsingh, on the Broach Street and demanded from him Rs. 25. On his refusing to pay the money, all the six Muslims are alleged to have assaulted the complainant with sticks and one of them stabbed him with a knife. Before the police could arrive, the accused made good their escape.

During the course of enquiries, the Police arrested the above accused on Thursday and the others are still at large.

The Magistrate ordered the accused to be released on a Bail of Rs. 50 till June 22.

HEADLESS BODY ON RAILWAY LINE

Who was the youth, whose nude body with head severed was found by the Railway Police on Thursday night near the Wadala Junction? If the man had been killed by an electric train, was it an accident or a case of suicide? These questions are being solved by the G.I.P. Railway Police, who found the body of an unknown Hindu aged about 25 years, lying across the railway lines at 10-30 p.m. with the head completely severed from the trunk. It was removed to the Morgue and after the post-mortem examination, the inquest has been postponed.

It is believed to be a case of suicide.

FATAL FALL FROM SCAFFOLDING

While constructing a building near the Elphinstone Bridge, the scaffolding aver which the mason was standing and working gave way on Friday morning and the mason with the planks fell on the road from a height of 30 feet. Death was instantaneous and the body of Gangaram Bhuman was removed to the morgue by the police.

KNOCKED DOWN BY LORRY

Gopal Tatoji Tawde, a Hindu, who was going along the Mahim Road on Thursday afternoon was knocked down by a Lorry No. Y 9909 and the right wheel of the lorry passed over the legs was a result of which Tawde got his legs fractured besides several injuries. He was immediately removed to the K. E. M. Hospital where he died later.

The Lorry Driver Bhava Bhimaji, is being charged for negligent driving by the Mahim Police as it is stated that he drove the lorry on the extreme right of the road.

The body of Tawde has been handed over to the relatives and the inquest will be held on June 23.

HARIJAN UPLIFT WORK AT BORDI:—The annual prize distribution ceremony of the Harijan School was performed under the presidentship of Principal Bhise on the 14th instant, when Mr. Manilal Jhaveri distributed Khadi to all the Harijan pupils. Messrs. Mankar, Raut and others gave some words of advice to the pupils and told the audience how they should try to be useful to Harijans and to ameliorate their condition.

BOY KILLED BY BLOWS

Assailant Gets Simple Imprisonment Only

BANDRA SENSATION

Murder Charge Is Finally Whittled Down To Conviction For Causing Hurt

(From Our Correspondent).

THANA, June 15.

The trial of Lalji Chapsi, a well-known grocer of Bandra and Mohanji Nensi, his shop assistant has concluded.

The charges against the accused were altered several times in the course of the trial in the Lower Court, and in the Sessions Court. The Sub-Inspector of Police, Bandra, charged them with culpable homicide not amounting to murder. The Committing Magistrate, after recording evidence, altered the charge to one of murder against Lalji and abetment thereof against Mohanji. The Magistrate refused to release them on bail.

Lalji, however, was released by the Additional Sessions Judge, Thana, on his furnishing two sureties of Rs. 2,000 each, and executing a bond for Rs. 4,000.

At the commencement of the trial, Mr. K.K. Thaker, the Sessions Judge, altered the charge of murder to one of culpable homicide not amounting to murder against both the accused. At the request of the Public Prosecutor a charge of voluntarily causing hurt was added to that of culpable homicide against the second accused.

The case for the prosecution was that on the evening of April 8 last, there was a quarrel between Mohanji and Sidu, aged 20. In the course of the quarrel Mohanji dealt blows with his fist to Sidu and the latter bit the former on his left thigh. Lalji who was sent for, came and caught Sidu by the neck and led him towards the police chowki. While doing so, Lalji gave blows with his fist to Sidu on his abdomen and other parts of the body as a result of which Sidu fell down and died almost immediately.

The Jury unanimously found Lalji guilty of voluntarily causing grievous hurt and Mohanji guilty of voluntarily causing hurt.

VERDICT.

The Sessions Judge, in the course of the judgment observed that the Jury's verdict was absolutely correct, and he fully agreed with it. The Judge, therefore, convicted the accused and sentenced Lalji to suffer three months simple imprisonment, and to pay a fine of Rs. 500 or in default, three months' additional imprisonment, and sentenced Mohanji to pay a fine of Rs. 25, or in default 15 days' simple imprisonment. The Judge further directed that, if the fine be recovered Rs. 300 be paid as compensation to the mother and heir of the deceased Sidu.

THEFT OF DIAMONDS VALUED AT Rs. 1,140

On a charge of stealing 490 diamonds worth Rs. 1,140 three Muslims Rashid Ahemad, Syedali Ahmad and Syed Amir were placed before Mr. P. L. Thakker, Presidency Magistrate, Mazagaon on Friday and the police applied for the remand of the accused, as they wanted time to make enquiries.

In the course of their application the police stated that on the night of May 31, a Hindu Jeweller, living at Nagpada, placed 1,111 diamonds in a paper cover and kept them under his pillow. The next afternoon, he found the packet had been tampered with and 490 diamonds worth Rs. 1,140 missing. The accused who were his servants were suspected by the complainant as they were the only persons who entered the room on that day.

In consequence of this information the police arrested the first two accused who were later released on bail. As they were found to be spending money lavishly, and the first accused had deposited Rs. 217 in his account at the General Post Office, the police questioned them and discovered that they had obtained the money from the third accused. The third accused was then arrested on Thursday, and on being questioned, he stated that the money was being spent by the first two accused was the amount that he had saved.

It was also found that the third accused is the cousin of the first two accused, and was seen in the vicinity of the place when the offence was committed.

The Magistrate cancelled the bailbonds of the first two-accused, and remanded all three to police custody till June 23.

Indian Cotton Prices Go Down

Brokers Association President Appeals To Indian Spinners To Buy That Commodity To Lessen Effects Of Japanese Boycott

President Bombay Cotton Brokers Association in a statement says:—

In spite of so much talk of Indian Cotton boycott by Japanese spinners responsible Indian Cotton merchants were not prepared to believe that astute Japanese merchants would so hastily resort to such an unfortunte decision. However, unexpected has happened and Indian Cotton merchants and growers are now faced with an unhappy situation. The decision is unfortunate as it is likely to embitter cordial relations which existed between Indian and Japanese businessmen who are believed to have supported the decision which works against the welfare of the Indian cotton trade.

PRICES GO DOWN.

The boycott talk has brought down prices in cotton in spite of the fact that during the last week the Japanese Spinners purchased Indian cotton so heavily that it become difficult to secure freight for prompt shipment to Japan.

"Sad developments have considerably upset the healthy optimistic sentiment of Indian cotton merchants who are contributing their mite to world-wide efforts for raising the level of commodity prices".

President trusts wiser counsel would prevail in Japanese circles and Indian cotton growers and merchants would not be reluctantly compelled in self-protection to consider and find ways and means in answer to the boycott of Indian cotton. Indians expect justly the British Spinners who are much benefitted by the enranced duty to buy Indian cotton. "Otherwise they stand charged that their policy was simply to secure safe ground for sales of their goods".

PRESIDENT'S APPEAL.

The President hopes that Indian spinners would not buy cotton cheaper and sell cloth dearer and they would come forward to fill their requirements from unsold stocks of Indian cotton has which been considerably reduced by recent heavy purchases on Japan account.

HINDU YOUTH FINED

Sequel To Violating Magistrate's Order

For entering the Municipal Recreation ground at Cawasji Patel Tank Road and thereby committing a breach of the Chief Presidency Magistrate's order, Hazrimal Kapurchand a Hindu youth was find Rs. 5 by Mr. I. N. Mehta, Presidency Magistrate, on Friday at the Girgaum Police Court.

The accused was arrested at 4 p.m. on Wednesday last and was subsequently released on bail.

The order of the Chief Presidency Magistrate was issued on 22nd May 1932 and was extended for one year more by a Government Notification on 11th May 1933.

The accused pleaded "not guilty" to the charge and stated that had put only one foot over the railing while his other foot was outside. He said he was merely going to the urinal inside the recreation grounds.

The Magistrate did not accept the defence plea and sentenced the accused as above.

SCHOOL OF INDIAN MUSIC:—Mr. Potkar, the harmonium player of Baroda, will entertain the audience in the school of Indian Music Hall to-day (Saturday) at 5-30 p.m. All are cordially invited.

STATUTORY RAILWAY BOARD MEETS

Many Knights On Committee

LONDON, June 15.

The Statutory Railway Board Committee held its first sittings in the India Office this afternoon, and the Secretary of State presided in the early stages.

It is announced that the Committee is composed of a Vice-Chairman, Sir Campbell Rhodes, and members, Sirs Muhammad Yakub, Ernest Bell, Henry Burt, Hubert Carr, Akbar Hydari, Louis Kershaw, Cecil Kisch, Reginald Mant, Manubhai Mehta, James Milne, Alan Parsons, Phiroze Sethna Thomas Smith, Brigadier-General F. D. Hammond, and Messrs. Anklesaria, Mohammad Padshah, Mohammad Yamin Khan, Mudaliar, Ranga I. Ziauddin Ahmed, Joshi and R. Mowbray.

It is understood that the Committee gave a preliminary consideration of the ground to be covered. It is expected that a further meeting will be held at the beginning of next week, and after that as convenient.

The Reserve Bank Committee will probably begin work immediately after the Railway Committee has concluded.—Reuter.

ROTHERMERE SEES RED

Violent Attack On India Office

LONDON, June 16.

Under the heading of "India; This Madness" the "Daily Mail" publishes an article by Lord Rothermere in which he points out the example of Egypt and Ceylon, and asks cynically "What does it matter about the risks of going forward, when by doing so we may lose India. Such is the policy, if you can call such madness the policy of the India Office."

TORIES MUST DEMAND ASSURANCES

LONDON, June 16.

The "Morning Post" in a leading article on Sir William Davison's motion says that "Conservative Associations all over the country are entitled to demand assurances that if the final conclusion is suspended until the Select Committee has reported, they will have ample opportunity of making their influence felt before any bill founded on the Committees' recommendations is presented to Parliament."—Reuter.

In the House of Commons, Mr. R. A. Butler informed Mr. Morgan Jones that Sir Samuel Hoare had now received a report of proceedings of the recent session of the Burma Council and found in it nothing to lead him to qualify his answer given on 1st June that the situation was under consideration.—Reuter.

ARMOURY RAID CASE

Trial Of Miss Dutt And Others Opens Before Special Tribunal

CHITTAGONG, June 15.

The trial opened to-day before a Special Tribunal of Suryya Sen Tarakeswar Dastidar and Miss Kalpana Dutt in what is known as the Supplementary Armoury Raid Case.

Rai Bahadur Nagendranath Bannerjee opening the Crown case, characterised it as the greatest conspiracy in India, eclipsing previous ones, including the first trial known as the Alipore Bomb Case.

Suryya Sen who counsel said was formerly a school teacher had opportunities of mixing freely with students and infusing revolutionary spirit into a large section of youths, including other two prisoners. Their preparations were gigantic and were aimed at overthrowing governmental power and waging war against the King.

DYNAMITE FIND.

This commenced in the latter part of 1928. The Rai Bahadur detailed the incidents leading to the Armoury Raid (18th April 1930), and added that prisoners in the first trial were in constant communication with absconders who were headed by Suryya Sen. The result was the murder of Inspector Mukherjee at the Chandpur Railway Station and Inspector Ashanullah at Chittagong, in addition to other outrages in the district. They were also connected with dynamite find.

Subsequent overt acts as a result of this conspiracy were the murder of Captain Cameron last year and raid on Pahartalai Institute, in which a girl named Pritilata Wadedar took part.

Proceeding, the public prosecutor referred to recent arrests of Tarakeswar and Kalpana, following the exchange of shots with the police and cited instances in support of their complicity later in terrorist movement since 1929. He had not concluded his address when the tribunal rose for the day.—A. P.

Police Officer's Evidence

At the resumed hearing of the Sakpura harbouring case against Manindra Sarma, his wife Lalita Devi, his mother Swarnasita Devi and Satis De, charged with conspiracy in harbouring the proclaimed arms raid absconder, Diptimedha Chaudhury, and also with offences under the Terrorist Suppression of Outrages Act, before the Sadar Sub-Divisional Magistrate, Sub-Inspector Jogendra Das, the investigating officer, was further examined to-day.

Witness exhibited Bhagat Singh's life sketch, photos of Rajguru and Bhagat Singh with accused Manindra's name written on them, and other things seized from Manindra Sarma's house, whence Diptimedha and other accused were arrested. Witness was next cross-examined by the defence pleader Babu Upendra Rakshit.—A. P.

INDO-CHINA AND CHETTIARS

Dr. Lanka Sundaram's Investigation

MADRAS, June 15.

Dr. Lanka Sundaram Director of the Indian Institute of International Affairs, who has been investigating the situation regarding the expulsion of the Chettiars from Indo-China, cabling from Saigon, says:—

"I have been investigating the Saigon question for the past 12 days. I toured all parts of Cambodia and Cochin-China, took depositions of annamities and others and had access to all documents official and others. My considered opinion is that, there is no use of harassing the associations here for information. Everything has already been furnished. The long-term office settlement requires detailed application here. General expulsion question can be pressed at London and Paris. Nothing to lose at the moment. Long-term office has not and will not start work for some time. Yet the Chettiars have right to repudiate the agreement signed already. If other banks do not fall into line, Government cannot isolate the Chettiars, since Banque-Franco-Chinoise and other credit societies have not intimated their decisions accepting the terms and duration of the period. The calling of a conference of all interests for further enquiry received undeserved support from the Consul and the British Banks."—A. P.

IMPERIAL BANK RATE UNCHANGED

The Imperial Bank of India rate of interest on Demand Loans on Government Paper remains unchanged at 3½ per cent.—A. P.

THREE OFFICIALS ASSAULTED

Grave Disturbances In Bombay Mill

The Indian Manufacturing Co., Byculla, a Bombay Mill, was the scene of a grave riot that broke out on Thursday afternoon, when 3 persons, the Weaving Master, the Sizing Master and an overseer of the mill were mobbed and assaulted by some of the weavers.

Police were promptly summoned and Inspector Dost Mohamed of the Agripada Police hurried to the disturbed area, and quelled the riot, arresting six operatives on charges of rioting and causing hurt.

CAUSE OF RIOT.

From enquiries made by our representative, into the cause of this riot, it appears to have been a concerted conspiracy on the part of the weavers against the Weaving Master, Mr. Nathubhai Desai, and against whom they had nursed a grievance for alleged ill-treatment. On Thursday, afternoon they struck work as a protest, and rushed in a body into Mr Desai's office and assaulted him. Mr. Mudaliar the Sizing Master, and an Overseer of the Mill who hastened to Mr. Desai's rescue were also injured by the infuriated rioters. The arrival of the police saved the situation that night, otherwise have ended tragically.

Mr. Nathubhai Desai was removed to the Sir Harkisondas Hospital, while Mr. Mudaliar and the Overseer to the J. J. Hospital for medical aid.

At the time of writing, it is understood, the condition of Mr. Desai and the Overseer is reported to be serious.

RUBBER RESTRICTION PROSPECTS

(Special Cable.)

AMSTERDAM, June 16.

The possibility of adopting a scheme for rubber restriction seems greater than 18 months ago in the opinion of the Governor of the Dutch East Indies which has been expressed by the Peoples Council.

The great outstanding difficulty relates to the native cultivator but a fresh prospect of restriction has been opened up now that interested circles seem convinced that an alteration in the present situation is desirable.

COIMBATORE, June 15.

One Nityananda, accused in the Erode Sub-Inspector shooting case, which is an offshoot of the Ooty Bank Raid Case, has been committed to stand his trial before the Sessions Court of Coimbatore under Section 307. I.P.C. —A.P.

Rs.20/12as. a month will secure for a man of 25 years Rs. 9,500 at age 55 or at death.

1, Forbes St., BOMBAY.

SEE YOUR DEALER OR WRITE TO-DAY DEPT. L

His hair looks so smart . . smooth, thick and glossy . . because it's healthy!

TO be smart, hair must be *alive*. Merely applying some cream or dressing to give a sheen to limp, "tired" hair is not enough: you must stimulate the *roots* of your hair if you want it to be soft and gleaming with health, as it should be!

Start to-day with whichever of these fine Tomco preparations you need—the Tonic, the Oil or the Lotion. Rub well into your scalp with your finger-tips, brush and comb your hair thoroughly, and in a few days you'll find your hair looking as smart and well-groomed as only *healthy* hair can look. It's a thousand pities not to keep your hair young and strong, when it's so easy with these special preparations—and so cheap.

Limes and Glycerine (Lemon Cream)

IS your hair dull and lifeless—coming out on the comb? Wake up your scalp by regular massage with this fragrant tonic cream, which stimulates the roots of the hair, promotes growth, checks falling hair. Neglect kills hair: keep yours young and vigorous this easy way!

Cocoanut Oil and Solidified Brilliantine

IF hot winds have dried your hair and made it brittle and harsh, or if your scalp and hair are naturally too dry—this perfumed Cocoanut Oil or Solidified Brilliantine is the ideal dressing: a fine, pure substitute for the natural oil of the head, giving the hair a beautiful healthy gloss without making it "greasy".

Perfumed Medicated Hair Tonic

HAIR limp and greasy? Sticky to comb and unattractive? If so, dress it with this Tomco Hair Tonic, brush and comb it well, and watch it, in a day or two, take on the natural glints of health!

GOVERNMENT MUST APPOINT CONCILIATION BOARD

Wage-Cut Real Object Of Agents For Closing Down Model Mills.

Mr. R. S. Rulker, President, N. T. U., writes:

I have carefully perused the second statement issued by Messrs. Bansilal Abirchand Dadabhoy and Co. the Managing Agents of the Model Mills.

I must regretfully say that this second statement betrays a woeful ignorance about the scope and measure of the Trades Disputes Act. The machinery created by the Trade Disputes Act is contemplated to cover all trades disputes, between the employers and the employees.

Anyone who has the least knowledge of the law relating to the Trades Disputes in India is well aware that the decision of the Conciliation Board is not legally binding on either party, and neither Messrs. Fule nor Nainarayan have made any such suggestion. They have simply made a suggestion for the appointment of a Conciliation Board, in the hope that good sense and the force of public opinion will persuade boh parties to abide by the decision of the Conciliation Board. The Trades Disputes Act does not claim to enforce its decisions by the help of law but by the force of public opinion and moral pressure. The act empowers the Government to appoint a Conciliation Board at its own discretion. When both parties to the dispute apply for a Conciliation Board, there is no choice left with the Governmen; and it has to appoint a Conciliation Board. Section 3 of the Act makes the position clear beyond all doubt.

AGENTS' OBDURACY.

As regards the other points in dispute, every statement that I have made finds ample corroboration in this new statement of the Agents who now admit that they actually supported the appointment of a Conciliation Board. This is what Sir Manakji said on May 5 and regards what was Sir Manakji's attitude on May 29 will be clear from the letter of the Deputy Commissioner of Nagpur, confirming "the results of the discussions" at his bungalow:—"The Managing Agents are no longer prepared to agree to a Settlement Board or the arbitration of a third party," that is to say, unless the reduction outlined above are accepted before Thursday next, 1st of June 1933 the Mills will be closed on that day". That Sir Manakji is now opposed to a Conciliation Board is clear, even in the second statement itself.

The Agents are now opposing the appointment of a Conciliation Board on very strange grounds. They contend that as the Mill is not a charitable or philanthropic concern and that neither the Government nor the public has any concern with the Model Mills. The attitude taken up by Sir Manakji is that of an autocrat who wants to do anything that he likes to his workers, and is in direct contradiction to the principles of the Trades Disputes Act and the recommendations of the Whitley Commission.

NO MORAL OBLIGATIONS.

Messrs. Abirchand Dadabhoy & Co. are put up to it to show that they have closed the Mills only because of the accumulation of stocks and that they cannot keep open the Mills only to feed these poor people. They further contend that they are under even no moral obligations to look to the interests of these poor workers! What code of morality is relied upon by Messrs. Abirchand Dadabhoy, I fail to understand! They also say that "the high scarcity allowance is wholly unwarranted and unjustified." They also state that at a secret conclave, with the employers at Akola, Pulgaon and Ellichpur, the question of wage cut was fully discussed and it was resolved that it has a matter of consideration when the time for re-opening the Mills arrives." They cannot blow hot and cold in the same breath! And if tehey do so, they cannot blame the workers if they have found out, that their real object in this lockout is to force a wage-cut upon the poor and starving wrkers.

The imposition of 25 per cent. extra duty on non-British cotton goods—has now completely knocked the bottom out of the argument for a wage-cut. After the imposition of this duty which on the whole amounts to 75 per cent., there is no reason whatsoever for the wage cut! The present inhuman policy of millowners has become so revolting, that even Nationalist papers—like the "Bombay Chronicle" have raised their voice of protest and have emphatically condemned the policy of millowners in lowering the already low wages of their workers.

GOVERNMENT'S DUHY.

The case for the appointment of a Conciliation Board is thus unanswerable and strong. Law, morality and justice demand that a Conciliation Board be immediately appointed by the local Government. That the present dispute is really a dispute as regards wage cut, I have proved from the statements of the Agents Mr. H. E. Gowan—speaking on behalf of the C. P. Government in the local Council, said that "Courts or Boards are of use in complicated questions of wages dispute." Last time the Nagpur Textile Union made a demand for the appointment of a Conciliation Board, the local Government refused it on the ground that such machinery should be utilised only in complicated cases of wage question. And now that a dispute has arisen what has the local Government done in this connection?

Even assuming that the present dispute is only about a lock-out due to accumulation of stock, still as there is a Trade Dispute as contemplated by the Trades Disputes Act the duty of the local Government is immediately to appoint a Conciliation Board. Not only Nagpur, but Akola, Ellichpur and Pulgaon are also equally affected. The local Government's attitude of neutrality is highly regrettable; and is not in consonance with the spirit of the Trades Disputes Act, and the recommendation of the Whitley Commission.

The Nagpur Textile Union has made a very fair and reasonable demand for the settlement of the present dispute and if the same is turned down by the local Government or Sir Manakji—the responsibility for the consequences which may follow will be theirs!

SMALL-POX IN PRESIDENCY

424 Attacks & 79 Deaths During Past Week

The following is a report of the health conditions in the Bombay Presidency for the week ending June 10:—

CHOLERA:— The Presidency cholera figures for the week are 237 attacks and 81 deaths against 244 attacks and 85 deaths in the previous week. Ahmednagar district reported 79 attacks and 23 deaths against 104—31 in the previous week; Sholapur 65—23 against 63—25; Nasik 49—16 against 28—8; Kolaba 9—8 against 15—11 Belgaum 16—1 against 14—3; Poona 13—7 against 14—4; East Khandesh 3—1 against 5—2; Satara 1—0 against 1—1 and Dharwar 2—2 against nil.

PLAGUE:—In the Presidency excluding Sind, there were in all 72 attacks and 61 deaths against 99—49 in the previous week. The returns by districts including town circles were as follows:—Bijapur 47 attacks and 40 deaths against 45—23; Belgaum 9—10 against 24—14; Dharwar 6—5 against 21—7; Thana 2—2 against 5—4; Poona 2—0 against 1—0 and Kanara 6—3 against 1—0.

Preventive measures such as trapping and poison baiting and disinfection of houses are carried on in the affected area.

SMALL-POX:—The following is the extent of the prevalence of small-pox in the Presidency by districts including town circles during the week:—Kolaba 21 attacks and 3 deaths; Ratnagiri 60—8; Kanara 89—21; Satara 32—8; Sholapur 8—2; Poona 63—2; Ahmednagar 18—0; Thana 12—2; Surat 8—7; Nasik 10—0; East Khandesh 3—0; Belgaum 1—0; Dharwar 12—0; Bijapur 3—0; Ahmedabad 2—0; Karachi 11—6; Larkana 12—0; Nawabshah 9—0; Sukkur 7—3; Hyderabad 1—1; Thar and Parkar 19—2 and Bombay city 18—14. Total 424 attacks and 79 deaths against 608—137 in the previous week.

INFLUENZA:—One death from influenza was reported from Bombay city during the week and one fatal case from Poona city.

One death from cerebro-spinal fever was reported from Larkana town during the week.

MALARIA:—The medical officer appointed on anti-malarial duty in the Poona district visited 11 villages and treated 131 persons for malaria.

DAYANANDA SEMI-CENTENARY

The Secretary of Dayananda Semi-centenary office, Ajmer, writes:—

Brisk preparations are going on for the Dayanand Semi-Centenary Celebrations. The Local Government of Behar, Orissa, C. P., United Provinces, North Western Frontier Provinces, Bombay, Bengal, Punjab, Assam, Ajmer-Merwara, and the States of Mysore, Udaipur, Shahpura, Dungarpur, Jhalawar, Baroda, have granted facilities for leave to the Aryasamajists intending to join the celebrations.

The East Indian Railway has granted usual concession on the line.

BIKANER MAHARAJA OPERATED UPON

The following Communique is issued by the Private Secretary to His Highness the Mararajah of Bikaner:—

His Highness the Maharajah of Bikaner was operated upon on Friday morning at his residence, Devi Bhawan, Nepean Sea Road, by Dr. V. L. Parmar, for a cystic tumour on the right side of his face.

His Highness' condition is satisfactory.

ABBOTT'S MURDER TRIAL CONTINUES

Sgt. Wright's Evidence On Clues

QUETTA, June 15.

Four further witnesses were examined to-day, when the Abbot's Murder Case was resumed in the Additional Sessions Court.

Sgt. Wright was examined on points relating to the removal of the axe and ashes from the kitchen stove, recovery of the cufflink from a sink in the pantry, recovery of hair from the drain, and one hair from a basin in the scullery, recovery of two blood-stained 'jharans' and of a blood-stained piece of tin from the kitchen, as he was in charge of the bungalow from 25th March.

The Court adjourned till tomorrow.—A.P.

HARIJAN UPLIFT IN RAJPUTANA

Gandhiji's Fast Gives Great Stimulus To Movement

AJMER, (By Mail).

The monthly review of the Harijan work done by the Rajputana Board of the Servants of Untouchables Society, Ajmere, during the month of May shows that the 21 days fast of Gandhiji has given a great stimulus to the movement in the Province:

The Balaji's temple in Ajmer and all temples belonging to the Balais in Amarsar (Jaipur) have been declared open to the "untouchables" and the Raghuvir temple, the personal property of H. H. the Maharaja of Alwar, will henceforth be accessible to the Harijans for purposes of "darshan".

Over Rs. 500, were spent by the Board on Harijan schools and 2 middle, 8 night and 9 day schools were opened for the Harijans during the month under review. Seven Harijan girls are also reported to have been admitted to a day school at Fatehpur.—A. P.

WIN Rs. 1000

If you wish to get this valuable prize out of a simple competition (description of "Cod-li-leu") it will be to your interest to study this and all other advertisements about the product very closely & also to collect as many empty cartons of "Cod-li-leu" as you can. There will be no Entrance Fees.

It's the presence of Vitamin D that gives Cod-liver Oil its good name! It's significant that as much Vitamin D as is contained in 15 hundredweights of Cod-liver oil is contained in

A STATEMENT OF FACT!

It can be challenged that "COD-LI-LEU" is in several respects infinitely superior not only to Cod-liver Oil but also to the bare Vitamin D preparations.

The bare Vitamin D isolated from Cod-liver Oil, though an essential factor, cannot by itself assert its independence without the phosphates, lecithin etc. contained in Cod-liver Oil.

"COD-LI-LEU" is a vegetable substitute rich in phosphates, lecithin and neucleo—albumin as endorsed by *Bull Soc. de Thir* (a leading European Medical Journal).

"COD-LI-LEU" has besides been charged with 3750 international units of Vitamin D activity for every fluid ounce and has been vehicled with fresh Orange Juice which is supposed to be rich in Vitamins A. B. & C.

Even the finest Cod-liver Oil does not contain a fraction of this Vitamin D activity though it contains the other substances, but the other substances are abundant in "COD-LI-LEU".

Does this not make it very plain that "COD-LI-LEU" has more than the advantages of either Cod-liver Oil or isolated Vitamin D preparations? Why not then take pleasant "COD-LI-LEU" and get well quickly? Why not be proud of the Indian Product?

"COD-LI-LEU" is sold in two varieties and two different packings.

"Plain" costs Rs. 2/12 for 48 Adult doses and "Compound" costs Rs. 3/4 for 48 doses.

It's cheaper, because it is safer and better in every way.

B.C.3

THE BOMBAY CHRONICLE
SATURDAY, JUNE 17, 1933

THE FINAL SQUEEZE

The announcement of the Minister of Interior, Mr. J. H. Hofmeyr, in the South African Assembly of the appointment of a departmental committee of four members to investigate a scheme for colonising Indians from South Africa and India in other countries, is in accordance with the revised Cape Town Agreement reached between the Fazli Hussain Deputation and the South African Government in 1932. The treatment accorded to Indians, since that agreement was reached, has steadily worsened and the Whites have been employing every kind of stratagem to oust Indians from their rightful possessions.

PREMATURE OPTIMISM.

The reasons for this increased bitterness are many. One of the most potent is the grave economic position created by the abnormal depression of the past few years. Only a few days ago Mr. Manilal Gandhi writing in "Indian Opinion" praised Mr. Hofmeyr as a "person of exceptionally high culture and ability" and spoke in equaly high terms of the inclusion of General Smuts in the new Cabinet as Minister of Justice as an additional support to the just claims of Indians. The sudden announcement of the appointment of a departmental committee to investigate the question of Indian colonisation in some distant parts of the world, to suit the convenience of South African Whites, is somewhat of an anti-climax to these optimistic sentiments.

It will be remembered that when the subject was first mooted, Brazil was mentioned as a likely place for Indian colonisation. Brazil affords vast possibilities no doubt, but it does not want Indians without capital to come there and add to the economic difficulties of the administration, for like other countries Brazil too has been hit hard by the depression. The Brazilian authorities almost stated that they did not want any Indians of the labouring class,—just the kind of people who were likely to emigrate there. But the depression has come to the help of the South African Government and a large number of Indians have been repatriated to India, and there allowed to shift for themselves.

OBJECTIONABLE SCHEME.

Our objection, however, is to the scheme itself, and the principle it represents, for Indians have as much right to be in South Africa as the South Africans Whites. Neither are children of the soil, though both have firmly taken root there. The fact that the Whites have decimated the native population and possessed themselves of the latters' property gives them no moral right to oust South African Indians. If there is any meaning at all in Pax Britannica, and if Indians are real citizens of the Empire, they have every right to remain there instead of being cleared out of South Africa bag and baggage at the behest of a few Whites.

The terms of reference before the Committee are vague, for a suitable place is to be found for settling Indians both from South Africa and India, having regard to the "political, climatic and economic conditions in such country or countries..". We are told that the recommendations of the Committee will be communicated to the Government of India and no decision will be arrived at unless the Indian side of the case is heard.

DEPLORABLE!

India ought, we suppose, to be thankful for such small mercies. But Indians will fight shy of such a scheme, for this country has no desire to send her people to distant countries, either as day labourers or serfs. It is deplorable that the Government of India should be associated in this questionable enterprise. But since Lord Hardinge's great stand in 1913, no Government in this country has ever stood by the Indian community in South Africa, as it should have done. Now it appears that the long expected final squeeze has begun with the appointment of this Committee, for which the ground has been prepared by making the conditions for Indians to live in the country practically intolerable.

A Lesson To The Syndicate

The action of the Bombay University Senate in reducing from Rs. 30,000 to Rs. 18,000 the grant to the Department of Chemical Technology will put the Syndicate in a very awkward position, creating a difficulty at the very first stage of the Department's work. As the reduction of the grant and the discussion thereon amount to a condemnation of the appointment of Dr. R.B. Forster as Director of the Department, the Syndicate will have now either to cancel the contract with Dr. Forster and, perhaps, incur some loss thereby, or will have to defy the Senate's wishes and take the chance of getting a supplementary grant in August next. In either case, it will find itself in a most unenviable position. But for that it is itself responsible.

The Senate had already given a mandate to the Syndicate to give preference to an Indian as far as possible. The Selection Committee, however, not finding any of the available candidates wholly suitable, chose the best two from among them, both Indians, and recommended that both should be appointed. It was clear from this that, whether one or two appointments were made, Dr. Forster was not to be appointed.

If necessary, the Committee could have been asked either to choose between the two Indian candidates, or between recommending one candidate or none. But when the question was referred again to the Committee, probably with vague terms of reference, it bungled like the Syndicate, the majority sticking to its former decision, and the minority recommending a third candidate, Dr. Forster, who had been already rejected at the first selection. When thus the responsibility of choosing one from the panel fell upon the Syndicate, that body ought to have chosen between the two Indians selected by the majority of the Committee. But it chose to flout both the Selection Committee and the Senate and must, therefore, thank itself for the consequences. These old bureaucratic methods cannot now be tolerated.

Meddlesome Auditing

The Annual Report of the Local Audit Department for the year 1931-32 contains some interesting features, arising out of Government's zeal for repression. It complains, for instance, that the Ahmedabad Municipality paid Rs. 500 to the People's Congress Hospital without the sanction of the Commissioner; allowed leave with allowances to two officers, who courted imprisonment during the Civil Disobedience movement, and leased a shop to the Foreign Cloth Boycott Committee for a nominal rent of Rs. 51 a year. We do not know, how in doing these things, the Municipality has violated any provision of the Municipal Act.

It is surely open to a municipality to make grants to local hospitals, or to lease out their own shops on their own terms. If, in such things, any municipality uses its discretion unwisely, it is for the rate-payers to call it to account. The Hospital was not declared an unlawful body. As regards allowances to officers, who participated in the Civil Disobedience movement, the Government circular against this was issued in 1933 and not in 1931-32.

The Report also laments that, the Ahmedabad, Viramgam, Sangamner, Poona and Belgaum Municipalities have incurred expenditure in connection with the purchase and hoisting of the National Flag on municipal buildings, and the Auditor has ordered the recovery of the amounts thus spent. We shall watch with interest whether the Auditor will succeed in recovering the [illegible]ts and whether he will [illegible]nsistently object to any [illegible]lity spending money on Jack.

Press Views

A Governor Out-Of-Date

The need for testing statements made about India could not be better illustrated than by an incident in the House of Commons. A few days ago Lord Lloyd, ex-Governor of Bombay, added to the inflamed prejudice against Indians a reference to a resolution, passed by Bombay's Corporation, requiring contractors to use no article made in the British Empire if it could be obtained elsewhere. Sir William Davison, accepting Lord Lloyd's words as authoritative, wanted to know what our Government intended to do about the ban on British goods. But the resolution was passed years ago when Lord Lloyd himself was Governor of Bombay. Neither Governor nor Corporation took action over it. Lord Lloyd left Bombay in 1923. Why should his friends worry over his sins of omission in 1933?—"Star" (London).

Silly

The refusal by the India Office to grant Mr. Subhas Chandra Bose a passport to England, thus preventing him from presiding over the Indian Political Conference, shortly to be held in London, strikes us as extremely absurd. The physical presence of Mr. Bose in London can be no more dangerous than the reading of his presidential address at the Conference. While the British public may read what Mr. Bose has to say on the Indian political situation, they may not set their eyes on him. We do not know exactly what reasons had weighed with the authorities of the India Office in imposing this ban on Mr. Bose, but the experience cannot be altogether new to Mr. Bose. For, ever since his rise to his present position as one of the country's leading men, he has come under the wrath of the bureaucracy several times.—"Hindustan Times."

What Do They Care?

The echo of the protests from all over the country has not yet died out. But the challenging answer the Government gives to the people is to send more prisoners to the Andamans. We consider this as a studied insult to public feeling. The story of the tragedies in the Cellular Jail has roused the public to a consciousness of the iniquity of confining men in a condemned island. The Cardew Committee whose recommendations the Government have before them, has banned the use of the Andamans as a penal settlement. But the Government of India, what care they for the Committees or clamours of the people? Are they are not the rulers, with special responsibilities, which they are bearing on their Atalantean shoulders? The caravan passes, though the dogs bark.—"New Orissa."

Too Costly.

We would draw the special attention of our readers to the preparations that are being made in Naini Tal in connection with the Viceroy's proposed visit. Protective human ingenuity can conceive of no more elaborate arrangements to ensure His Excellency's safety. We admit that His Excellency has a right to be protected from all possible dangers. We also admit that his exalted position entitles him to a special reception. And we are prepared to suppose that all these arrangements are both necessary and desirable. But, we wonder in all seriousness, whether the price that the poor U. P. tax-payer will have to pay is not too great for the functions which His Excellency will perform in Naini Tal. Tennis and Shikar are available in Simla and the inevitable conference with the members of the U. P. Government also could be held there at a much cheaper cost.—"National Call.'

Sastri's Fallacy

We do not expect Mr. Sastri in his old age to give up the last remnant of his political creed. But, he upheld his faith by an argument which—to put it mildly—must be characterised as queer. He pointed out that in a world in which individual liberty and personal freedom are trampled under foot by ruthless dictators, it is only Great Britain that is upholding them in a fair measure. From this, he argued that it is through the British connection that we can hope to steer clear of dictatorships and instal democracy in this country. We are afraid that this is fallacious reasoning. Great Britain may be a good model for our political goal but it does not follow that she is a proper mistress to lead the country towards it. The White Paper contemplates the creation of a dictator in each province who is to be armed with all the powers of Mussolinis, Stalins and Hitlers. Nor does the history of the Ordinance Rule warrant the conclusion that Britishers are as enthusiastic about personal liberty in India as they are in England.—"Indian Express."

INDIA'S BIGGEST PROBLEM

Why Should Government Not Tackle Unemployment?

(BY SYED AMINUR RAHMAN, B. A. of Akola.)

There are few questions whose pros and cons have been more often discussed in the Press than those of the perennial problem of unemployment in India. It bears repetition for the hundredth time, because it lies at the root of the numerous present-day ills—economic, political, and social—from which we have been acutely suffering.

It is a truism that no constitution can function successfully, unless it is founded on the bedrock of economics. Political changes that do not bring economic contentment in their train are like a building raised on shifting sand. In the storm and stress of the battle for political rights we have paid but scant attention to those factors, which are the ultimate bulwarks against anarchy.

W. P. WILL NOT SOLVE IT.

The Fascism of Italy, the Hitlerism of Germany, the Bolshevism of Russia, and the militant nationalism of Japan are but the outcome of inexorable economic truths, which the constitution-makers are apt to overlook. Whatever may be the ultimate shape and form of the impending Reforms, the new Government of India Act, as foreshadowed in the White Paper, is not likely to solve the biggest problem of problems—the increasing unemployment in India, which is a standing menace to the stability of the State.

The widespread unemployment particularly amongst the educated classes is leading to a state of affairs of which the periodical outbursts of violence in Bengal and elsewhere are grim symbols.

While the whole civilized world is concerting measures to combat unemployment we in India have relegated this important question into the background, although it is more rampant in India than in Europe and America. A glance at Table 19 of Statistical Abstract for British India will show that unemployment in India is about 30 per cent. of the total population. This appalling figure does not take into account the huge army of dependants on the bread-winner, which is such a common feature of Indian life.

A ROYAL COMMISSION?

When lakhs and lakhs of rupees have been spent on so many Commissions and Committees, why should not the Government appoint a small Commission conversant with Indian conditions to investigate the possibilities of employment for the unemployed.

I know the idea of a Commission for the purpose will perhaps be laughed out, in view of the exceedingly unsatisfactory results of the labours of previous commissions. Our experience in the past has been very bitter on this score. But there is no alternative for the solution of such complicated problems.

The Commission may, for instance, recommend the establishment of Employment Bureaus for the purpose of disseminating necessary information to the unemployed. Lack of proper information in regard to the spheres and avenues of employment and the absence of enterprise are the biggest snags in the way of, even the educated unemployed.

There are many other important questions that the Commission can tackle. For instance, the problems of the labour market, unemployment insurance, farm colonies, emigration of labour, and apprenticeship have not been sufficiently studied in this country.

COLONISATION SCHEME.

There is absolutely no reason why the Government should not take up a well-planned colonisation scheme for the educated unemployed. Vast thinly-populated tracts in provinces like C. P. and Berar can be utilized for the purpose. Some associations like the Anglo-Indian Association are sponsoring schemes, which can be more successful if taken up by

(Continued on Next Page).

Frankly Speaking

OPEN TO QUESTION.

Grave allegations of ill-treatment of accused persons while in the police lock-up ought not, we think, to be easily brushed aside by Magistrates.

In what is known as the "Anand Mahal" Case yesterday, at Dadar Police Court, defence counsel stated that one of the accused had been on hunger strike for six days as a sequel to a severe beating by the Police.

He further alleged that the Police ordered two of the prisoners to beat one of their co-accused. One of them consented to do so, and the other, who refused, was consequently assaulted.

Mr. A.F. Coelho, the Magistrate, remarked that, he would not believe such allegations against the Bombay Police, and remanded the accused again to police custody.

Whether the Magistrate believes them or not, the allegations should be the subject of an enquiry, and the Magistrate would have done better to call for an explanation from the Police, as he is entitled to do, than to dispose of the matter on the basis of his confidence in their integrity.

In the meanwhile, his action in remanding the accused again to police custody for another fifteen days is, to say the least, extremely questionable.

PRESUMPTUOUS APPLICATION.

The Chief Presidency Magistrate of Calcutta very properly turned down the presumptuous application of the Advocate-General of Bengal, on behalf of the Assistant Commissioner, C.I.D., of all persons, asking for an order on the Chief Executive Officer of the Calcutta Corporation directing him not to hoist Congress flags on the Corporation buildings and in public parks.

The Calcutta Corporation is the "bete noire" of the bureaucracy, but every effort to curb its national activities has been defeated by the rate-payers.

As the Magistrate said, it is the duty of the police to prevent disturbances. But in such matters it is they who take the initiative because of their antipathy for the National Flag, though so far it has not been declared unlawful.

The hoisting of a National Flag is a perfectly proper and legitimate act. The Corporation represents the rate-payers and not the Police in such matters.

A MATTER FOR INQUIRY.

The grave allegations against the police of Bhawalpore call for a prompt and searching inquiry.

It is alleged, that a peaceful procession of about 500 ladies organised to protest against the arrest of some prominent leaders was subjected to a severe lathi charge by the police, as a result of which several women and children in arms were badly hurt.

Duly attested statements bearing out this allegation have been made by a number of victims of the assault.

Apart from the question of the grievances that led to the arrest of the leaders, this lathi charge on women is a serious matter and the Nawab of Bhawalpur should immediately institute an independent inquiry into the allegations made in this connection.

Failing such an inquiry a fully representative committee appointed by the public should undertake an inquiry of their own and publish the results.

A RIGHT VINDICATED.

In setting aside the conviction of the eleven "untouchables" of Hoshiarpur for using a public reservoir of water the Lahore High Court has vindicated elementary justice.

The conviction by the lower Court seems to have been based on the absurd plea, urged by the orthodox Hindus, that, in taking a bath on a platform under the "sacred reservoir", the untouchables had polluted it and "injured their religious susceptibilities."

The Sessions Judge—and the High Court have taken the sane view—held that the platform could not be regarded in any sense as a place of worship to be protected from defilement.

This decision should encourage the Depressed Classes and their friends to assert on a wider scale their right to the free use of public wells.

For all practicable purposes, and in principle too, this right is more urgent than that of access to public temples.

Readers' Views

SURPRISING LENIENCY

To The Editor of "The Chronicle."

Sir,—The judgment of the Sessions Court at Thana, in sentencing one Lalji Chapsi, a grocer of Bandra, to a term of three months' simple imprisonment and a fine of Rs. 500 in default, three months more on the charge of grievous hurt, for which the maximum punishment when charged under Sections 323, 324 or 325 ranges from one, three and seven years respectively and the offence is liable for fine is surprising. The accused dealt a deadly blow on a sweeper boy whose death was almost instantaneous.

In these days of political upheaval, an award of six months' rigorous imprisonment may be said to be the average term of sentence or a fine even to the extent of Rs. 10,000 has been imposed on the charges of furthering the cause of the Civil Disobedience Movement. Is a non-violent political ocence under the Ordinances more heinous than that under the Penal Code?

Will not the High Court Authorities look to the adequacy of the sentence?—Yours, etc.

WAMAN N.

Bombay, June 16.

REFORM THE REFORMATORY.

To The Editor of "The Chronicle."

Sir,—Only two days back, H. E. the Governor paid a visit to the David Sassoon Reformatory, and as Press reports suggest he was quite satisfied with the progress. But, unfortunately, the public cannot share the same satisfaction with His Excellency.

There have been various complaints in past against the administration, whose working has been found utterly unsatisfactory. Even the Government now have got up from their slumbers and have appointed a committee to probe deep into the problem.

The main grievances resolve themselves into two categories. Firstly, that the Reformatory has ceased to be a real reforming institution for the boys who are under its care. This is amply proved by the evidence that the boys who have come out of the institution, get only employment as domestic servants and know nothing of the various crafts which are supposed to be taught there.

Secondly, the boys are made to live in the atmosphere of jail life, and their self-expression is stifled. They are made to mould their lives within the framework of an inelastic bureaucratic machine, which grinds away their very life energy.

The whipping of boys has been very frequent, regardless of the future life of the boy. Hence the institution has become one of the deterrent types. Let us hope that the Committee will sweep away these feadal methods of reforming boy-criminals and put the institution on modern lines.—Yours, etc.,

'X-RAY.'

EXAMINATION INJUSTICE

To The Editor of "The Chronicle."

Sir,—One of the candidates at the last Matriculation Examination secured the following marks:—

English 86 out of 100, Pass.
Mathematics 67 out of 100, Pass.
History and Geography 59 out of 100, Pass.
Persian 48 out of 100, Pass.
Science 22 out of 100, Failed by 3 marks.

Compare the above with a candidate who passed the examination, securing marks just about the border line.

The latter is eligible to join a College and the way is open to him for further studies and graduation while the former must wait another year till he passes the examination. In this particular case the candidate is so discouraged he has given up the idea of studying and is looking for a job.

Can you bring to the notice of the public how unjust our system of education and examination is—Yours, etc.

H. KHAN.

Poona, June 15.

DR. MOONJE'S SWARAJ.

To The Editor of "The Chronicle."

Sir,—Is it not really surprising that a man of the experience and knowledge of Dr. Moonje expressed sentiments which approach communalism—an inverterate enemy of nationalism—in his last speech delivered in Bombay under the auspices of the Bombay Hindu Maha Sabha, where he traced the history of 'the Battle of Freedom' of India?

I do not understand (as no sane sensible, or either intelligent educated man of his age, could) as to how it is possible to attain Swaraj without Hindu-Muslim unity and without the removal of "Untouchability." Will he be clear as to why any of these two is impossible? It is a fact—which Dr. Moonje must not forget that Muslims and the "Untouchables" of yesterday are our brothers and, as such, Indians, and hence one and all must try first for 'Unity' and then for anything, if we—The Sons of India—want to see our 'Mother India' happy. It is always detrimental to fight on the lines of communalism and never beneficial to any party (though it may be to some individuals).

Dr. Moonje himself commits serious bluders by pointing out (what he calls) Mahatmaji's blunders. What he points out are not blunders but what a man like Mahatma ought to do for the sake of India.—Yours, etc.,

D. H. VAISHAW.

Junagadh, June 13.

BAND FOR SATURDAYS

To The Editor of "The Chronicle"

Sir,—I trust you will allow me a small space in your esteemed paper and hope that this letter will catch the eyes of our City Fathers.

I have noticed for some considerable time now that our City Fathers do not provide any music for the benefit of the public at the Cooperage Bandstand on Saturday evenings. Saturday being a half holiday when we are all free from office cares. Our children too have a holiday on Saturdays.

Would it not be better for our City Fathers to provide the music on this day than during the week on Thursday. Surely this change would not cause any more expense and the public being free, more people would attend after the Foot Ball matches are over.—Yours, etc.,

(Mrs.) M. REIS.

CHEAP TOOTHBRUSHES

To The Editor of "The Chronicle"

Sir,—Indian Customs authorities prohibit the importation of Japanese shaving brushes, owing I presume to the supposed presence of Anthrax germs in them which are highly dangerous to human skin. There is also a prohibitory rule in the Postal Guide to that effect.

May I then know why the importation of cheap Japanese tooth brushes, costing only an anna, is allowed by the authorities? Are there no dangerous germs in them?

Owing to its ridiculous cheapness many people buy them and perhaps may be suffering from some dental diseases, the cause of which they are ignorant of.

Will our dental surgeons throw some light on this important hygienic matter for the welfare of the public?—Yours, etc.,

K. H. P.

ABUSES OF V.P.P. SYSTEM

To the Editor of "The Chronicle."

Sir,—The V.P.P. system which usually serves thousands in this country by reason of the facility it affords for customers to order goods beforehand and pay on delivery is, at present, being widely abused by a certain irresponsible section of the public.

These people taking undue advantage of the apparent ease with which the goods may be ordered without an obligation to claim, are systematically deceiving business houses by refusing to accept the parcels sent to order.

The people who order goods by V.P.P. should have sufficient reason and good sense to be conscientious and honest in their dealings with firms from whom they order goods. Those who indulge in this shameful pastime of ordering goods to their door and refusing to accept them when they have come all the way are not only discrediting themselves, but are taking steps which may ultimately deprive the honest man of a legitimate convenience.

The postal authorities are very considerate in the matter of giving ample time to remove the V.P.P. parcels from local post offices. If, in spite of this the addressee still fails to redeem his article, he cannot excuse himself on any ground whatever for ordering goods when he was not prepared to pay for them. Their irresponsibility, if not dishonesty, puts the firms concerned into unnecessary trouble and loss of time and money.—Yours etc.,

D.B. TARAPOREVALA SONS & CO.

MEDICAL INSPECTION OF COLLEGIANS

Senate Rejects Proposal To Cancel Grant Of Rs. 6,500, Doctors Alleging It Was Indispensible Necessity

At the final sitting of the Senate on Friday, Mr. Paranjpe moved an amendment to delete the grant for medical inspection, which he viewed as a wastage. The doctors in the Senate were up in arms against this attack, and one by one they stood up and opposed the amendment which was ultimately defeated.

Mr. Paranjpe then made out a strong case for the reduction of the grant for the Physical Director's Establisment Department. This was accepted by the Senate which then passed the budget for the year 1933-34 as amended, and adjourned 'sine die.'

When the Senate assembled on Friday Mr. M. R. Paranjpe moved his amendment to delete the grant "in toto" for expenses for Medical Inspection under the heading "Physical Culture." The Syndicate had proposed a grant of Rs. 6,500.

In moving an amendment to delete this item, Mr. Paranjpe said that the arrangement for medical inspection was started only 2 years ago as a preliminary to the introduction of physical culture in colleges. This Departmsnt had so far made no headway.

"WASTAGE."

And a grant as proposed by the Syndicate, if sanctioned, would be a wastage, as he was in a position to inform the members of the Senate that only a few took advantage of medical inspection, and as a matter of fact the whole thing was absolutely unnecessary from his point of view. The University did not benefit. In any way, as a result of this expenditure, and it is only fair that the sum of Rs. 6,500, budgeted for under this head, should be spent in a more useful manner.

He, therefore, urged that the grant of Rs. 6,500 under the head of "Expenses for Medical Inspection" be deleted "in toto."

Principal Hamill supported the amendment, and agreed with Mr. Paranjpe that this grant had not so ar shown any material return to the University and under the circumstances the whole grant should be refused.

"GROSS INJUTSICE."

Several doctors, who are members of the Senate, refused to allow this cut go unchallenged, as to its usefulness. They emphatically opposed the amendment, and stated that very useful work had been done in this Department, and it was a gross injustice to cut the grant or reduce it, as proposed.

Drs. Deshmukh, Purandare and V. R. Kanolker vehemently opposed the amendment, as not only unfair but a retrograde step, on the part of the Senate to accept an amendment of this nature.

Mr. Murzban, who very strongly recommended the continuance of this grant, said that he was in a position to personally testify to the usefulness of this Department.

CONCRETE INSTANCE OF BENEFIT.

Not long ago, he said, there was a boy in his college who was detected by the medical inspectors to be blind in one eye. The parents did not know anything about it, nor did the boy, but the timely detection of this defection saved the boy's sight. He was sent up for an operation and a film was found growing over his eye which was removed, and, to-day, the boy was in perfect health. Such instances went to show, he stated, that the maintenance of the Medical Inspection Board was a necessity which they could not overlook.

A NECESSITY.

Dr. Deshmukh, in opposing the amendment, stated that the University was getting a fairly large amount of money from the parents of the boys, and it was up to them to show that all the necessary care was being taken of the boys. Medical inspection was the best medium to detect cases of maladies which were not apparent, and, he, therefore, stated that the medical inspection was a necessity which they could not afford to dispense with. The amendment was then put to vote and was lost.

"ESTABLISHMENT."

Under the heading of "Establishment" in the budget prepared by the Syndicate, there was an item to provide Rs. 6,600 to the Establishment Department. The Department was formed only 2 years ago, and so far no appreciable progress has been done.

Mr. M. R. Paranjpe, therefore, moved an amendment to reduce the grant by Rs. 3,300. He said that at the last meeting of the Senate, last year, the Syndicate had promised to start a School of Physical Culture. There was no use, he stated, to spend money now on the hope of starting a school at some distant date.

Mr. Dalvi opposed the cut and requested the Senate to postpone the consideration of a cut for a year, as the Syndicate had appointed a Committee to deal with the whole subject in consultation with the Bombay Government. The amendment on being put to vote was decared carried.

TRAINING CAMP.

The next item on the agenda was a motion by Mr. Paranjpe to reduce the whole of the grant for the Training Camp on the ground that there was no material benefit obtained by the University in maintaining these Training Camps.

The amendment on being put to vote was accepted.

GRANT TO F. U. I. BUREAU

Before passing on to the last item on the agenda, the Senate rejected the amendment moved by Mr. M. R. Paranjpe to delete the whole of the grant allotted to Foreign Universities Information Bureau. The cut of Re. 1 moved by Dr. B. G. Vad, under this heading, was, however, accepted as Dr. Vad had pointed out that it was high time the Committee did more useful work. Therefore several Indian students stranded in England for want of proper protection or guidance. He, therefore moved the cut of Re. 1.

The Senate passed the budget for 1933-34 as amended before the Vice-Chancellor dissolved the Senate.

P J HINDU GYMKHANA

The undermentioned members will represent the P. J. Hindu Gymkhana in their matches against:—

Volkart Bros C. Club, on Saturday (Hindu Gymkhana Ground), commencing at 2-30.

Messrs. S. R. Desai, (Captain), G S Rao, B C Mehta, B K Shah, A N Bhalerao, S N Mehta, H M Shah, M N Kharva, J P Kapadia, Rameshchand, R S Mahajan.

The Orient Cricketers on Sunday, (Hindu Gym. Ground) commencing at 11-30.

Messrs. K G Pardeshi (Captain), D D Hindlekar P B Tembulker, B C V Mehta, B K Shah, A N Gokhale, R G Penker, S V Gangnaik, P C Dholakia K H Johanpurkar, R S Mahajan.

New Hindus Sporting Club, on Sunday, (their ground) commencing at 11-30.

Messrs. S R Desai, (Captain), H H Doshi, L V Apte, D M Khedekar, A V Malekar, Dharamdas Deochand, L B Palwanker, S B Kenney, C P Shah, T M Amersey, S N Mehta.

STOP PRESS

ANEY SEES GANDHIJI.

POONA, June 16.

Mr. M. S. Aney had a brief conversation with Gandhiji after prayer time to-night. It is learnt that the conversation had little reference to the future programme as it is felt that without definite medical opinion regarding Gandhiji's health no decision could be taken.

Mr. Aney will be meeting Gandhiji to-morrow evening after the Medical Board's examination and in the light of the Board's opinion some decision will be taken.

Mr. Aney stated that as he did not discuss the situation with Gandhiji he could not state what Gandhiji's plans were. Everything, he added, would depend upon his conversation with Gandhiji to-morrow. To-day, Mr. Aney avoided raising these issues as Gandhiji had already a good deal of strain in the morning, and had said that without medical opinion there was no basis for any discussion. He could not also say at present as to whether he would be calling a meeting of the Congress leaders shortly.

Dr. Syed Mahmud left Poona this afternoon.

Mrs. Naidu who attended Mr. Devadas Gandhi's marriage with difficulty is still bedridden and weak.—A. P.

BAN ON BOSE'S SPEECH.

SIMLA, June 16.

The Government of India has prohibited, under the Sea Customs Act, bringing into India of any copy of speech of Mr. Subhas Chandra Bose read at the Political Conference in London on June 10, printed in pamphlet form by the Utopia Press, London or any translation or reprint or any other document containing its substantial reproductions.—A. P.

STANLEY WOODS' DOUBLE VICTORY

Wins Junior And Senior Motor Cycling Trophies In Same Year For Two Years In Succession.

SPECIAL CABLE.

LONDON, June 16.

Douglas (Isle of Man) Stanley Woods who established a record which was likely to stand for many years, by winning the Senior Tourist Trophy, has now completed a double victory by winning the Junior and Senior Motor Cycling troubled in the same year for two years in succession.

Woods broke the lap record with speed 80.16 mph.

Result:—Woods riding Norton time for a course of 264 miles was 3 hours 15 minutes 35 seconds, with an average speed of 81.04.

J. Simpson, Norton, second, time 3/17/7 speed 80.41.

Hunt, Norton, third, time 3/17/33, speed 80.16.

J. Guthrie, Norton, fourth.

Fifty thousand spectators witnessed many thrills as the riders rounded the haripin bends of the monntain course with terrific speeds

INDIA'S BIGGEST PROBLEM

(Continued from previous page)

the Government. At any rate, an experiment can be made in that direction.

Although the system of apprenticeship is the backbone of industrial development yet we have hardly done anything in the matter. The indigenous cottage industries are languishing partly for lack of propaganda and partly for lack of marketing facilities. The Departments of Industries have done something in the matter, but only the fringe of the problem has yet been touched. A Cottage Industries Marketing Board in backward provinces, especially, is the crying need of the day.

CO-ORDINATED ENDEAVOUR.

Only the other day, a local weaver in distress was trying to sell a carpet for a price which must be described as ridiculously low. After a few more bitter experiences of the kind, will it be a wonder if he gives up carpet-making and takes to working as a labourer in a "Campan" or ginning factory? The poor man could not afford to send the finished product of his several days' hard labour to a bigger town like Nagpur, where it would have fetched, at least, double the price.

It is erroneous to suppose that all this requires colossal expenditure. A few of the above suggestions can be given effect to, even, in these days of financial stringency. In sum, the one thing required is a co-ordinated endeavour on the part of the Government to minimise, as far as possible, the daily-increasing unemployment in this country and for this ways and means have got to be found. It is high time that genuine efforts should be made, at least, by local Governments to grapple with the problem in the larger interests of the country.

SOCIAL AND OFFICIAL

His Excellency the Viceroy held a meeting of the Executive Council on 16th June.

His Excellency left the Viceregal Lodge for Naini Tal.

H. E. the Viceroy will arrive in Nainital in the afternoon of 17th and will stay till the 20th June.

His Excellency the Governor of Bombay and Lady Sykes arrived at Government House, Ganeshkhind, from Bombay.

Mr. H. V. Divetia, M.A., LL.B, who has been appointed an additional judge of the High Court of Bombay.

ALLEGED WRONGFUL DISMISSAL OF EMPLOYEES

Notice Served On Managing Agents Of Model Mills, Claiming Rs. 65,000 On Behalf Of Textile Union, Members & Employees

(From Our Correspondent).

NAGPUR, July 16.

It is understood that Mr. Lothe, a local Pleader, has served notice upon Messrs. Bansilal Abirchand Dadabhoy & Co., Managing Agents, Model Mills, claiming an amount of Rs. 65,000, as damages for the wrongful dismissal of employees, plus the current month's wages, on the grounds that the notice of lock-out is illegal.

The notice is served on behalf of the Nagpur Textile Union, its members and the employees of the Model Mill.

DR. MOONJE'S MISSION

Malik Barkat Ali Supports Setalvad's Stand

LAHORE, June 14.

Malik Barkat Ali, Advocate of Lahore, has issued the following statement by way of a rejoinder to the statement issued by Mr. B. Padamraj Jain and Mr. Ganpat Rai, Secretaries of the Hindu Maha Sabha, and further endorsed by Mr. B. Banerji and some other members of the Delhi Bar:—

"It is a perfect distortion and a profound travesty of the facts to represent Sir Chaman Lal Setalvad's outspoken and courageous criticism of Dr. Moonje's recent pronouncement of his mission to England in connection with the Joint Select Parliamentary Committee, and my unstinted support and appreciation of Sir Chaman Lal's statesmanlike, and truly national view-point as a "defence of the sanctity of the Communal Award."

Both Sir Chaman Lal and myself are fully conscious of the drawbacks and imperfections of that Award, but we cannot conceal from ourselves the fact (with a capital F for our friends of the Maha-Sabha to note) that the settlement of the English Premier has in the main given better satisfaction to the minorities of India, and certainly proceeds in its main features on a much more equitable, and just basis than any solution that has so far been propounded in this country.

This is not to say that that award is perfect, and that it is not capable of improvements in many places. If I could have the opportunity and privilege of recasting that Award, I would certainly rewrite it almost beyond recognition. But this is not the supreme question of the hour.

AGREE AND CHANGE.

Even a child in politics must know that that Award will be changed the moment all parties agree, and that it will not be changed, so long as there is any disagreement between the various Communities in India respecting its terms. The Award can, therefore, wait, being too small or secondary a matter to engage our attention at the present moment. There are much higher and far more momentous issues that will require handling at the meeting of the Joint Parliamentary Committeee, and that person or party is the biggest offender who at this supreme moment in the life of the nation, panders to communal passions, and raises the bogey of communal squabbles. This is what Sir Chaman Lal said, and this is what I subscribe to.

DISSERVICE.

Dr. Moonje and those who are supporting him, are betraying a most lamentable lack of comprehension of the realities of the situation, and are doing India the greatest disservice by their determination to parade India's weakness, these Communal questions, before the members of the Joint Parliamentary Committee. Let our friends of the Hindu Maha Sabha open their eyes to the mischief which this sort-sighted and narrow Moonjean policy will lead to.—A. P.

B. S. P. C. A ACTIVITIES

1,478 Convictions, 32 Acquittals In May

During the month of May last the Bombay Society for the Prevention of Cruelty to Animals employed in all 50 Agents, of these, 2 were absent, 3 were on sick leave, 2 were employed for office and hospital work, and 1 was working at Bandra.

The 42 Agents employed for outdoor work succeeded in prosecuting 1,727 cases, during the month. In 1,478 cases accused were fined more or less; in 115 cases fine only was inflicted and the animals were sent to the Bai Sakarbai Petit Hospital, and 32 cases the accused were acquitted.

Agents of the Society were posted up for night inspection at various places to detect cases of unfit horses specially worked at night and they detected 14 cases and arrested 8 drivers and 6 owners.

242 animals were treated as out-patients gratis by the Society's Veterinary Inspectors at the Society's dispensaries at different courts. This include cases brought by the police.

The Agent appointed at Bandra prosecuted 23 cases of cruelty and conviction were obtained in 22 cases and fines aggregating to Rs. 44 were imposed, the accused in the other case was acquitted.

World Conference Delegates Get Down To Brass Tacks

Monetary Committee And Economic Commission To Start Sitting From Monday

LONDON, June 16.

The World Economic Conference embarked on a serious business phase this morning with the inauguration of the Monetary Committee presided over by Mr. James Cox.

In a brief businesslike speech, the President appealed for patience and understanding, but demanded maximum treatment and minimum talk and encouragement of the public faith by an intelligently sustained effort.

He concluded: "Gentlemen, let us now get to work."

"NO MORE TALKS."

Similar expeditious atmosphere prevailed at the meeting of the Economic Commission, presided over by Dr. Coljin, who aroused applause by announcing that they had already "had general speeches and can do without them here."

Dr. Coljin enumerated the groupings, under which discussions would proceed; firstly, general trade restrictions; secondly other factors like subsidies; thirdly, co-ordination of production and marketing especially of foodstuffs.

ADJOURNED.

Both the Committees adjourned to Monday. They will, in the meantime, put in intensive work arranging the agenda.—P.

BRITISH EMPIRE DELEGATION MEETS.

At the conclusion of this morning's formal business, the British Empire Delegations met privately and discussed the methods of machinery of the two main committees of the World Economic Conference. Similar Empire consultations will be held at intervals throughout the Conference.

Reuter learns that the reports regarding a definite agreement on currency stabilisation are premature though, there is consensus of opinion as regards the currency truce as an essential complement to the Tariff Truce.

Representatives of three leading Central Banks and Treasuries are meeting again to-day. It is hoped they will announce agreement in a few days' time.

COMMISSIONS TO START WORK

LONDON, June 15.

Contrary to expectations the general debate at the World Economis Conference was brought to a close in the afternoon, and the Commissions will start work from to-morrow. Appointments to the Monetary Commission have duly been made as previously cabled with an addition of Mr. Jung (Italy) and Doctor Krenbock (Austria) as Vice-Chairmen; Mr. Coljin, Chairman of the Economic Trade Commission, Krogmann (German) and Don Lebreton (Argentine) as Vice-Chairmen.

Mr. MacDonald stated that the Economic Commission would appoint its own rapporteur. After a short speech by Mr. Forbes (New Zealand), the President closed the general debate, congratulating the delegates and describing the Conference as one of the most businesslike one and expeditious over which he had ever presided.

PRESIDENTS OF COMMISSIONS

Twenty-two heads of the Delegations had addressed the World Economic Conference up to the time of luncheon adjournment. The vexed question of the chairmanship of the Financial Committee, which is believed to have caused difference behind the scenes, has apparently been solved by the reported probable appointment of Mr. James Cox, the ex-Governor of Ohio, while Doctor Coljin (Holland) is likely to preside over the Economic Commission.—Reuter.

ECONOMIC CONFERENCE COMMITTEES

Schuster And Stabosch To Represent India.

LONDON, June 16.

At least one member from each delegation to the World Economic Conference sitting both in the Monetary and Economic Committees.

Badawi Pash and Sir Edward Cook will represent Egypt on the Monetary Committee and Wahab and Calaatharb on the Economic Committee.

Sir Henry Stakosch and Sir George Schuster will represent India on the Monetary Committee and Sir George Rainy, Sir Ramaswami Iyer and Sir Padamji Ginwala on the Economic Committee.

TERSE TACTFUL OPENINGS.

Terse tactful openings by the respective chairman of the Economic and Monetary Committees created hopes of speedy developments in the World Economic Conference. Both Mr. James Cox (Monetary) and Dr. Coljin (Economic) set a lead to brevity, appealing for results and not words.

The saving grace of humour pervaded both the speeches. Dr. Coljin was particularly amusing the delegates by announcing that four sterlings were found in the building, and appealed to his hearers not to rush to lodge claims "en bloc".

There is good reason to believe that by Monday committees would have framed a complete plan of action.

(The above message is printed exactly as received from Reuter's).

Sir Cowasji Jehangir has been added as a member of the Indian Delegation to the World Economic Conference now being held in London, says a Simla communique.

A. I. MEDICAL CONFERENCE

Tenth Session Will Be Held In Bombay In Christmas

At a meeting of the members of the Bombay Branch of the Indian Medical Association held on Friday in Dr. G. V. Deshmukh's Room it was resolved that the tenth Sossion of the All-India Medical Conference be held in Chistmas next in Bombay.

It was resolved that a public meeting of the medical profession of Bombay be held in July 1st or 2nd week. It was decided to hold a scientific exhibition along with the conference. It was also decided to invite all the medical bodies or societies in Bombay to co-operate.

A strong preliminary executive Committee with Dr. G. V. Deshmukh as the chairman was formed to carry on the work.

Secure Your Careers Now At DAVAR'S COLLEGE of COMMERCE

LIGHTNING KILLS BRAHMIN AT PRAYER

Storm Havoc In Bankura

BANKURA, June 11.

The recent storm in Bankura has claimed for its toll an elderly Brahmin named Dolgovinda Satpati. It is reported that he was caught by the storm on his way to a place called Simlapal and took shelter in a temple of Shiva in the village of Hatbari. The Brahmin shut the doors of the temple and sat down to pray. He was, however, struck by likhtning and was killed. Next morning, when the temple door was opened, the Brahmin was found dead with the sacred thread wrapped round the fingers of his right hand.

In a jungle close to the village of Hetagori three men were found lying dead under a banyan tree. They were apparently struck by lightning during the storm.

The Station Master of Indas was struck by a flying corrugated iron sheet and was seriously injured.—A. P.

INFLUENCE OF INDIAN WOMEN

Bishop Of Tinnevelli Says It Is Increasing

LONDON June 15.

Political changes in the near future would not have much effect on ordinary life in India, declared the Bishop of Tinnevelli, speaking at the annual conference of British Missionary Societies.

The development of the position and influence of women was definitely coming, and would be continually of increasing importance.—Reuter's Special.

WHITE PAPER GATHERS MOSS

RUGBY, June 15.

Support to the general policy of reform as represented by the White Paper and of combating ill-informed propaganda on Indian affairs is receiving assistance from a large number of distinguished men who held offices in India during period in which the Mont Ford reforms had been in operation.—B. O. W.

JAMKHANDI TO HAVE ASSEMBLY

Viceroy's Message Of Congratulation To Chief

JAMKHANDI, June 16.

The inauguration of the Jamkhandi State Representative Assembly was celebrated last evening in the Durbar Hall. It was presided over by Col. Wilberforce Bell, Agent to the Governor-General for the Deccan States.

In his introductory speech the Chief prominently referred to the encouraging message of His Excellency Lord Willingdon congratulating him on giving his people opportunities to ventilate their views on matters of importance.

Col. Bell paid tribute to the Chief for this forward step, and expressed his views on the value of Parliamentary institutions. The function was attented by the Ranisaheb and other distinguished gentlemen.—A. P.

BLOW TO DIEHARDS

Conservatives Stand By White Paper Policy

TWO TO ONE MAJORITY

Davison's Motion Against Central Responsibility Voted Down

LONDON, June 15.

The Council of the Metropolitan Area National Union of Conservative Unionists' Associations rejected by 2 to 1 majority the motion moved by Sir William Davison M.P., and seconded by Captain Marsden M.P., viewing with grave anxiety the proposal to transfer responsibility at the Centre in the Government of India.

The Amendment which was carried by 167 votes to 73 congratulated the Government on the success of their policy of maintaining law and order in India, expressing the hope that Government will proceed with great caution in framing proposals in the new constitution and expressing the belief that the Select Committee will be allowed to make recommendations before the Council comes to a final conclusion in the matter.

The Amendment was moved by Mr. Duff Cooper M. P., and seconded by Captain Sidney Herbert M. P.—Reuter.

EXPULSION OF CHETTIARS

Government Employs Different Tactics

SIMLA, June 13
(By Mail)

Dr. Lanka Sundaram, Director of the Indian Institute of International Affairs, after touring in Malay States with the object of getting first hand information there arrived at Saigon, and in a message to the Associated Press from Bangkok says that the situation arising out of the expulsion of the Chettier has taken a serious turn, and though no further expulsions are threatened the local administration has taken recourse to different tactics.

By the Executive powers he says the Administration have compelled the Chettiers to sign an agreement thus forfeiting 22 and 35 per cent of their credits with the further proviso under schedule of payments waiving full liquidation in 15 years in the hope that the price of rice would improve by that time. He adds: "There is no guarantee of full liquidation and the present position has no equitable judicial basis.

The Colonial Administration is panicky and anxious to retrieve the false position by committing further acts. Four French barristers have been briefed, and the Chettiers have been arraigned for professional misconduct for alleged bringing of the Government into contempt. The local Government is jeopardising the Chettiers fortunes amounting to over ten crores of rupees.

The matter is now the subject of diplomatic correspondence between Simla, London and Paris.

Dr. Sundaram concludes that the Sarrut Ancient Government must appreciate the true position and intervene though late. Otherwise India should press the matter before the Hague Court.—Reuter.

A profit of £2,259,109 was made last year by the £20,000,000 Paisley sewing cotton company of J. and P. Coats.

This is an increase og £234,746 over the figure of the previous year and £449,257 more than for 1930

IMPERIAL PREFERENCE TELLS

British Exports To Colonies Increase 60 Per Cent.

LONDON, June 15

Empire economic co-operation was increasing rapidly, according to Sir Phillip Cunliffe Lister in a speech in London, dwelling on the effect of imperial preference on articles like coffee tobacco, timber and other raw materials.

In seven years British exports to the colonies had increased over 60 percent.—Reuter.

DISPUTE OVER CATTLE LEADS TO RIOT

One Hindu Killed And 11 Muslims Injured

ALLAHABAD, June 16.

It is reported that as the result of a dispute about the grazing of cattle between a group of Teli Hindus and Muslims in the village of Loharanagra, 10 miles from Bareilly on June 12, one Teli was killed on the spot and one seriously wounded.

Eleven Muslims are reported to have been injured.—A. P.

HOBBS COMPLETES 192nd CENTURY

Hammond Reaches 1,000 Runs For The Season

LONDON, June 15.

Hobbs to-day completed the 192nd century of his career. He played a masterly and effortless innings, reaching his century in 3-1/4 hours. With perfect ease he hit all-round the wicket and reached the boundary ten times.

Hobbs and Sandham started off very quietly to the bowling of Wyatt and Mayer. It took them half an hour to score 18 runs, and 50 was hoisted in 80 minutes.

Hammond reached his 1,000 runs of the season. He stayed at the wicket for 5-3/4 hours to score his 239 runs which included one 6 and 25 boundaries. He gave a chance which was a hard return to the bowler at 44; otherwise he played a chanceless innings.

The brilliant feature of his display was the wide range of strokes and the way he kept down the ball.

Bowes returned an analysis of 18 overs, 8 maidens, 20 runs and 4 wickets. Macaulay 23 overs, 9 maidens, 25 runs and 4 wickets, while Freeman who was hard-worked captured 7 wickets yielding 114 runs in 62 overs of which 24 were maidens.

The Nawab of Pataudi took 1 hour and 45 minutes to score his 50. He was caught at forward short leg off Astill.—Reuter's Special.

"BLACK" VERSAILLES

Demonstrations Against Treaty Planned in Germany

BERLIN, June 15.

At the suggestion of the Government flags will be flown half mast in all public buildings throughout Germany on June 28, the anniversary of the signing of the Treaty of Versailles.

National organisations will hold meetings and demonstrations while special lessons on the significance of the day will be given in schools.—Reuter.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Feeling Great

If you wake up in the morning feeling sour and depressed, entirely lacking in vim and vigour, don't swallow a lot of salts, mineral water, oil or harsh purgatives and expect them to make you suddenly sweet and buoyant and full of sunshine.

They can't do it. They only move the bowels and a mere movement doesn't get to the cause. The real reason for your run down feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Your stomach is filled with gas. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pints of bile flowing freely and make you feel "tip top". They contain wonderful, harmless, gentle vegetable extracts especially effective when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Always look for the name Carter's Little Liver Pills on the Red Package Label.

Whatever reason you may have for taking an occasional drink
—social
—business
—or just to quench your thirst
it should be a glass of

Bombay's White Metal For America

War Debt Token Of 20 Million Ounces Of Silver Delivered By Britain

(SPECIAL CABLE)

WASHINGTON, June 15.

The United States has received a War Debt token of 20,000,000 ounces of silver in Bombay.

Britain, however, is responsible for its delivery to the United States.

Is is also disclosed by the Federal Assay Office that New York has received 2,000,000 ounces of silver from Italy on War Debt account.

BORAH WARNS DEBTORS

Keep W. E. Conference Free From Controversy

WASHINGTON, June 15.

Senator Borah who supports Mr. Roosevelts' acceptance of part payments of war debts has issued a statement warning the debtor nations against trying to inject controvesy into the World Economic Conference.

If the World Economic Conference breaks down, says Senator Borah, it will be due to the attitude of debtor nations who seem to be determined to make debts the whole thing.—Reuter.

NEITHER DEFAULT NOR FULL PAYMENT

Time Gained Must Be Used Well, Says Herald

RUGBY, June 15.

The announcement in the House of Commons, late last night, that Government was making immediate payment of 10,000,000 dollars to the United States in acknowledgement of the War Debt instalment was well received in Parliament.

In the closing passages of his speech, Mr. Neville Chamberlain informed the House that payment would be made in silver which Government had acquired from the Government of India.

The subsequent speech indicates that representatives of all political parties shared the Chancellor's feeling.

This was the happiest sign for the Economic Conference and of the ultimate settlement of the problem of War Debts.

PRESS COMMENTS.

The "Times" says that the supreme merit of the arrangement is that it is neither default which was unthinkable, nor payment in full. Mr. Roosevelt deserves immense credit for his vision and courage.

The "Morning Post" says that the tension has been sensibly relieved.

The "Manchester Guardian" states that War Debts are almost dead.

The "Daily Mail" declares that the generous and statesmanlike course Mr. Roosevelt has taken will earn him the gratitude of the whole world.

The "Daily Herald" says that the time gained must be used well. The whole of the debt question must settle down before December. War Debt and the success of the World Economic Conference are inseparably linked.—B. O. W.

BRINGS PROBLEM TO FOREFRONT

PARIS, June 15.

The mentality of the United States Congress is strongly criticised by French newspapers which demand that Mr. Roosevelt should show his courage in reference to War Debts. They point out that partial payment made by Great Britain brings the question of solution of the inescapable problem of War Debts once again into the forefront.—Reuter.

SILVER PRICES SOAR

War Debt Settlement Influences London Exchange

(Special Cable.)

LONDON, June 15.

The Stock Exchange was favourably impressed by the amicable settlement of the war debt payment due to America to-day. Prices were early marked up, with silver mines especially good.

Later in the absence of any stimulating advices from abroad, markets were generally easier.

Commodity markets were mostly steady, metals were exceptionally easier, mainly owing to the absence of fresh buying.

Wall Street rallied after early easiness and was then quiet.

FLUCTUATION IN DOLLAR RATE

Sharp Reaction In Wall Street

NEW YORK, June 15.

There was a rise in the dollar to-day accompanied by a set-back in the stock market where there was the sharpest reaction during the past two months. Losses from one to seven points were registered. Gold shares were particularly weak.

London reports that the dollar will be temporarily stabilised around 4.05 to the pound are taken to indicate that Washington does not at present intend to plunge into inflation.—Reuter.

LATVIA ALSO PAYS

RIGA, June 15.

Contrary to expectation, the Latvian Government are paying the United States 6,000 dollars or five percent of the debt instalment.—Reuter.

STABILISATION OF DOLLAR

Mr. Woodin Denies London Report

(Special Cable.)

WASHINGTON, June 16.

Mr. Woodin, Secretary of the Treasury, denies any agreement has been reached among the American Delegates in London regarding the stabilisation of the dollar. Proposals in this connection would have to be submitted to the President and the Treasury, but no such suggestion or proposal has reached those quarters.

FRANCE AND WAR DEBT PAYMENT

Government Adheres To Their December Attitude

PARIS, June 15.

In answer to the rumours that the French Government proposed to follow the British example and offer the United States the token payment on to-day's war debt instalment, the Government have instructed the French Ambassador at Washington to point out that France adheres to the attitude on the debt question which the Chamber assumed last December.—Reuter.

LONDON SPECULATION ON PAYMENT TO U. S.

LONDON, June 15.

The City of London is speculating with regard to the method of payment of the two million sterling War Debt instalment in silver to the United States.

A well-known bullion dealer opined that the payment would be an earmarking transaction, similar to that by Britain last December with gold, except that the entries would be made in Bombay by the Imperial Bank of India.

He pointed out that as India was a big importer of silver from America, it would be mere waste of money to ship silver to America.

Another broker, however, opined that it was possible that silver would be shipped from India to America and pointed out that America had recently been shipping silver from China.—Reuter.

MR. NORMAN DAVIS TO RESIGN

WASHINGTON, June 15.

The friends of Mr. Norman Davis, President Roosevelt's Ambassador in Europe declares he intends to resign when he returns to the United States, according to a statement by the usually reliable Washington "Star."—Reuter.

CONCESSIONS FOR GERMAN DEBTORS?

Sequel To London Negotiations

(Special Cable.)

LONDON, June 16.

It is learnt in well-informed German quarters that negotiations proceeding in London between Germany and "standstill" creditors are expected to lead to an agreement to-day.

Certain concessions regarding interest rates are said to have been accorded to German debtors.

The average rate of commission included would be reduced from about 4 3/4 per cent 4 1/4 per cent.

Creditors would also renounce provisionally their right to repayment of a principal due under the standstill agreement.

"NOT GIVEN EVEN ELBOW ROOM"

Conference Of Posts And Telegraphs Muslim ... ion

KARACHI, June 15.

In the course of his Presidential address at the special conference of the Indian Posts and Telegraphs Muslim Union, Sind and Baluchistan Circle, Haji Abdool Haroon, M. L. A President, All-India Postal R. M S. Union said that it was a well known fact that the attitude of the majority community was unchanged and it was no secret that Muslims were not even given elbow room and Government had taken no appreciable steps with a view to bettering tre Muslim employees' lot. He impressed on the Muslim employees the imperative necessity of maintaining the Department's efficiency. He advised the Muslim Officers not to adopt a policy of retaliation but to prove that Muslims could be just and impartial.

OFFER UNITED FRONT.

Syed M. Aslam .Barrister-at-Law, Chairman of the Reception Committee laid stress on the importance of the Muslims of the entire world presenting an united front if they wished to survive the terrible forces of evil which had been let loose to undermine the Muslims existence in every sphere of activity.

The conference passed a resolution urging Government to institute an enquiry into the conditions of the Muslim employees of the Posts and Telegraphs Dept.—A. P.

PUNJAB EDUCATIONISTS TO SAIL

Visiting Various Countries In Europe

LAHORE, June 15.

A party of Educationists, Professors and Students of various colleges is starting for Bombay to-night "en route" to Europe on an educational trip organised under the auspices of the International Students Service, Geneva.

The party consisting of 23 in number will be led by Mr. P. D. Ranganathan and includes three professors and one medical officer. The party will visit England, Belgium, Germany, Austria, Switzerland and France and sail back from Marseilles on September 15.

The Punjab Geographical Association (whose Secretary is Mr. R. S. L. Sonanlal who is o member of the party) is taking keen interest in the expedition so as to facilitate further trips to the West with the same educational object.

OTHER TOURS.

Among other tours for students and professor (including ladies) organised by the Punjab Geographical Association are trips to all historical places such as Taxila, Hassanabad, Ports of Bombay, Calcutta, Karachi, Cetera and great industrial projects such as Khewra Salt Mines and various Hydro-electric and Irrigation Works in India.—A. P.

A French naturalist states that ants on waking from sleep yawn and stretch their legs human beings.

WAR PENSIONS CLAIMS

Assembly Committee Signs Report

SIMLA, June 14.

An informal committee of the Assembly members under the Chairmanship of the Army Secretary, which was discussing the claims relating to war pensions, signed the report to-day.

It is understood that according to the report, claimants will have the right to apply for pension during a further period of three years, while the discretion of authorities to admit such claims at any time in deserving cases would remain as heretofore.

Sardar Sant Singh, who took a leading part in the discussions of the committee, paid a tribute to the most sympathetic attitude of the Army Secretary throughout the discussions and felt happy. The committee has been able to drive home to the Government the injustice of the past practice and secure to the most deserving class of soldiers fresh consideration which may bring relief and benefit to thousands of people who are at present in distress.

It may be mentioned that the cost of claims when admitted, would fall on the British Exchequer.—A. P.

"We didn't know what to give him ... until a doctor ordered Scott's Emulsion"

HIS illness was over, yet it took so long for him to recover his normal health and strength. His appetite was poor and he looked so wan and weak. Then a doctor ordered SCOTT'S Emulsion, and before long he was as well and as strong as ever.

There is no finer food tonic for growing children. Made from pure cod liver oil, SCOTT'S Emulsion supplies the rich nourishment the weakened system needs. It rebuilds wasted tissues, restores vitality and hastens complete recovery.

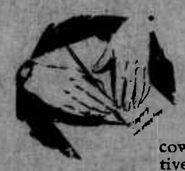
AFTER ILLNESS..

HORLICK'S *gives you new strength*



The best way to prepare Horlick's is with the Horlick's Mixer, obtainable from stores or from P.O. Box 2229, Calcutta, for As. 14 in stamps

FOR over 50 years doctors have recommended Horlick's Malted Milk for convalescents and as a tonic-food to guard against run-down conditions. Being made from pure, full-cream cows' milk enriched with the nutritive extracts of wheat and malted barley it supplies body-building nourishment in its most easily digested form.

When illness has exhausted your strength, and you are left weak and tired, build up new strength by taking Horlick's regularly.

Write to P. O. Box 2229, Calcutta for free leaflet "Horlick's in Convalescence".

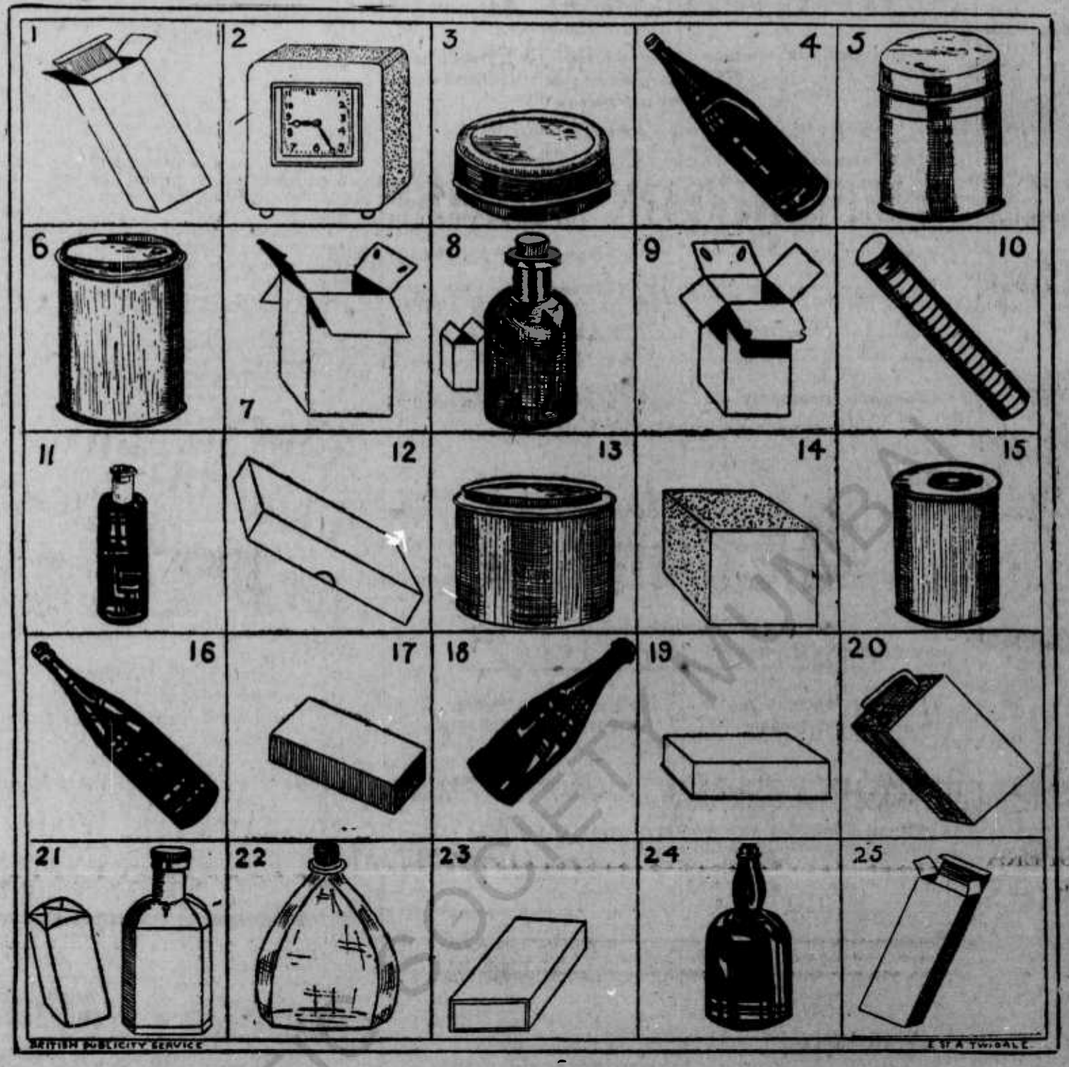
BEST INDIAN PLAYING CARDS

LABELS COMPETITION

1ST PRIZE **Rs. 500** | 2ND PRIZE **RS. 250** | 3RD PRIZE **RS. 100** | CONSOLATION PRIZES OF **RS. 150**



Here is the simplest of all our Competitions. You see illustrated in the margin twenty-five labels of well-known products that are on sale everywhere throughout the country. In the centre you have another twenty-five illustrations of bottles, tins, etc., and to which these labels belong. All you have to do is to select the correct label for the correct bottle or tin. For example, you have a label for Neptune Family Provision. On looking through the illustrations you identify No. 2 as the one to which the label belong. There is also the label on the right hand top corner for Cafiaspirin which belongs to the popular tube (No. 10) for this famous pain remover., you therefore enter the No. 10 against this word as shown on the entry coupon, and that is the correct solution. Simple isn't it? A 500 Rupees is your reward for solving this Competition correctly.

RULES

1. After you have selected the correct labels for the bottles or tins to which you consider they apply, enter the Number of the product in the Coupon provided, against its proper name as shown in the example. Then add your name and address, written clearly.
2. Post your entry, enclosing EIGHT ANNAS in Stamps as entrance fee to **THE LABELS COMPETITION, POST BOX 706, BOMBAY.**
3. Any number of entries may be sent in the same cover, provided a separate EIGHT ANNAS in Stamps is enclosed for each entry. Insufficient Stamps will disqualify the Competitor.
4. All entries must reach this Office not later than the last post on **26th June 1933.** Entries received after this date will not be included and will be declared forfeit.
5. Local competitors may hand in their entries personally at the Offices of the "Bombay Chronicle" and the "Bombay Samachar" and obtain receipts for the same.
6. In case of ties the Management reserves the right to divide the prizes amongst the winning Competitors.
7. All Competitors enter the Competition on the distinct understanding that the Management's decision is legal and binding in all matters pertaining to this Competition, and no correspondence will be entertained.
8. Results will be announced in our issue of the "Bombay Chronicle" and "Bombay Samachar" on the 3rd July, 1933. This is a Joint Competition appearing in the "Bombay Chronicle" and "Bombay Samachar" simultaneously.

Grave Charges Against Police

Defence Counsel Alleges Ill-treatment And Assault In Lock-Up : Anand Mandal Case Sensation

Sensational allegations of ill-treatment in the lock-up were made against the police by Mr. H K Nargolkar, defence counsel for some of the accused, in the Anand Mandal Case, when the police applied for a further remand of the accused to jail custody pending completion of their inquiries, on Friday morning before Mr. A. F Coelho, Presidency Magistrate, Fifth Court.

"CONSPIRACY AGAINST GOVERNMENT"

Mr. Nargolkar stated that Janardhan Bapat who is alleged to be the dictator of the Anand Mandal went on hunger strike for six days as a requel to severe beating by the police. He further alleged that the police ordered two of the prisoners to beat one of their co-accused. One of them did beat his co-accused, while the other who refused to comply with the police order was consequently assaulted.

REFUSAL TO TURN APPROVER.

Counsel further alleged that Vithal M. Bhatkar the third accused was asked to turn an approver, and on his refusal to do so, was beaten by the police.

BAIL REJECTED.

On the strength of the above allegations Mr. Nargolkar applied for bail for accused Bapat and Hardikar, but the Magistrate rejected the application and ordered all the accused except Parulekar and Mrs. Joshi (who have already been enlarged on bail) to be remanded to Police custody till the 30th instant.

NO MORE PAROLE

In turning down the bail application the Magistrate remarked that he could not believe such allegations against the Bombay Police.

Parulekar and Mrs. Joshi the last two accused who had been asked by the police to report themselves daily at the Mahim Police Station and who had obeyed the order upto now, requested the Court that the order should be withdrawn. The Magistrate granted their request.

CONSPIRACY CHARGE.

In this case, 10 persons have been charged by the police with conspiracy against Government. The names of the accused are (1) Janardhan B. Bapat, (2) Wasudeo S. Hardikar, (3) Vithal M. Bhatkar, (4) Wasudeo J. Powar, (5) B. V. Sawai, (6) Mangesh C. Pagnis, (7) P. B. Joshi, (8) P. H. Barve, (9) L. M. Parulekar and (10) Mrs. S. T. Joshi.

PROSECUTION STORY.

It is alleged against the accused that they are members of an Association known as the "Anand Mandal", which was started on March 27th last, with the object of organising revolutionary activities against Government. Their programme included commission of robberies and dacoities to raise funds, manufacturing of explosives and terrorising Government.

BOMB OUTRAGES.

It is further alleged that the first five accused were responsible for the bomb outrages in the Empire Theatre on March 25th and April 6th last.

It is also alleged that all the accused are connected with the robbery of Rs. 1,900, committed between Dadar and Mahim on April 7th, out of which Rs. 510 have been recovered.

Accused No. (1) is alleged to be the Dictator of the Association, No. (6) the President, No. (7) the Secretary, No. (5) the Messenger, while the rest are alleged to be members.

In opposing the bail application, the Police stated that inquries into the case were nearly complete and that the trial of the accused would be definitely opened on the 30th instant.

EDUCATION IN PUNJAB

Anderson Committee's Plea For Board Of Affiliated Colleges

SIMLA, June 15.

Recommendations of a far-reaching character affecting Education in the Punjab are published by the Committee, over which Sir George Anderson presided and which exhaustively enquired into the extent to which the present system of university education meets the actual needs of the Province and the amount of teaching given directly by the university and the degree of control exercised by the university over the teaching imparted in the colleges.

FOR HIGHER SECONDARY EDUCATION.

The Committee recommended the constitution by legislation of a Board of higher Secondary Education to prescribe the course of instruction for higher secondary schools and the conduct of entrance and school leaving examinations.

Another recommendation suggests the creation of a University Board of affiliated Colleges to advise the academic council on all matters affecting the welfare of those colleges and advise the syndicate in respect of applications for affiliation.

KHALSA COLLEGE.

Referring to the Khalsa College the Committee, while recognises that it is a potential University in the Province, remark that a superior college is eventually better than an inferior university, and deprecate any hasty action, on the proposal to convert this college into an independent unitary university. The Committee recommend secondary course in vernacular schools to be increased by one year and that in Anglo-Vernacular schools to be decreased by one year.

VERNACULAR TEACHING.

Teaching of vernaculars as subjects of study should be extended and improved and at the same time teaching of English be retained and improved in all Anglo-Vernacular schools, because the use of English is perhaps the greatest bond which linked together Indians of different provinces and communities.

One other important recommendation is that intermediate classes be removed from University course and industrial and craft schools should be increased in numbers and improved in quality.

SALARIED VICE-CHANCELLOR?

The Committee suggest that the Vice-Chancellor be a full-time, salaried officer, but not directly associated with any particular institution of the University.

Among other recommendations are those suggesting the appointment of a Board of Finance and that the actual Government grant to the University be made statutory extending over a considerable period of years.—A. P.

Her Excellency Lady Sykes arrived in Bombay on Thursday from England: The snap taken by the "Chronicle" photographer shows her with Sir Frederic Sykes at the Mole.

ORDER INQUIRY INTO ANDAMANS TRAGEDY

Father Of Mahabir Singh Writes To Viceroy For Light On Mysterious Circumstances Of His Son's Death

Mr. K. Devi Singh Vaidya, father of Mahabir Singh who died in Cellular Jail at Port Blair has addressed the following letter to the Viceroy:—

May it please your Excellency,

Your humble petitioner begs to approach you with the following few lines for your kind consideration:—

(I) That your humble petitioner is the unfortunate father of Mahabir Singh, a convict of the Lahore conspiracy case, who is said to have lately died in the Cellular Jail at Port Blair.

(II) The circumstances under which he is said to have died give rise to serious suspicions. The whole thing appears to be a mystery. From his past record, it appears rather strange and inconceivable that a person who could withstand a fast for over sixty days while he was an under-trial prisoner in the Lahore Jail; should have so easily succumbed to death after a fast of only five days.

INDECENT HASTE.

(III) That even after his death, the indecent haste with which his corpse was disposed of makes the whole thing all the more suspicious. From the result of the post mortem examination also which is alleged to have been made, it does not appear as to what kind of food was forcibly administered to him which resulted in his death.

(IV) That after his death, no immediate information was given to the petitioner and the corpse which could have been easily preserved for some time till the petitioner or some other near relation could reach there to get the corpse and perform the last obsequies of the deceased according to Hindu religion but no such things were allowed to be done.

ORDER INQUIRY.

Your humble petitioner therefore prays with sorrowful heavy heart that your Excellency will at least kindly order an open enquiry to be made by independent Commission, to investigate and report among other matters upon the following:—

(I) The circumstances which led the deceased to resort with other prisoners to hunger strike.

(II) Why was it that Mahabir Singh deceased was first of all singled out for forcible feeding by the Jail authorities, although he had been accustomed to long fasts before in other jails and was easily the stoutest of all prisoners?

(III) What, if any, force was applied by the Jail authorities when the deceased resisted to the forcible feeding?

(IV) Did the post-mortem examination disclose what the ingredients of the food were that was forcibly administered to him and that caused his instant death. If so, what the report of the Chemical examiner about it was, if not, why no such examination was made?

(V) Why your humble petitioner was not informed by wire after the death and the corpse not preserved till your humble petitioner or any other near relation could reach the spot, and perform the last obsequies of the deceased? What were the special and unusual circumstances if any which led the Jail authorities to so unceremoniously and hastily dispose of the corpse of the deceased.

MONSOON ACTIVE ALONG W. COAST

Scattered Thundershowers In Kashmir And Punjab

POONA, June 16.

The Bay storm crossed the coast near Chandbali early this morning and now lies as depression over Orissa. It is likely to move towards north-west. It has caused fairly widespread rain from North Hyderabad and North Madras coast to Orissa and Chota Nagpur.

The monsoon has been fairly active along the west coast of peninsula and in Lower Burma.

Scattered thundershowers were also reported from Kashmir and Punjab Kumaon Hills. Rainfall has been nearly general in Lower Burma, Orissa, Chota Nagpur, East Central Provinces Konkan North Hyderabad and Malabar, and local in Assam, Bengal Bihar Kumaon Hills, West Central Provinces Berar, Kashmir, Punjab Hills and North Madras Coast; while a few falls have occurred in Uoper Burma, United Provinces, West Central India Bombay and Deccan.

Forcast.—The monsoon will strengthen in Malabar, Konka, Deccan Mysore Burma Assam and Bengal. Fairly widespread rain will continue in Chota Nagpur, Orissa and East Central Provinces and rainfall will occur locally in North Madras Coast, West Central Provinces, East Central India, Bihar and East United Provinces. Scattered thundershowers may also recur along Western Himalayas.—A. P.

VALUE OF INTERNATIONAL PROPAGANDA FOR INDIA

There Are Indians Abroad Who Would Be Prepared To Work Even For Love, Says Subhas Bose

(From Subash Chandra Bose.)

VIENNA (Austria), June 7.

The Congress of International Chambers of Commerce met in Vienna from the 29th May to the 3rd June. The Indian Delegation was fortunately a body of [illegible] elected by the Indian Chamber of Commerce and not appointed by the Government. They registered a strong protest against the proposal to abalish protective tariffs and in doing so, they gave expression to public opinion in India.

This Congress was meant to be a preparation for the World Economic Conference meeting in London about the middle of June. But unfortunately at that London Conference the Indian representative (or representatives) will be nominated by the British Government.

INDIA'S PUBLIC DEBT.

I must say that India did not make full use of the Vienna Congress of International Chambers of Commerce. In the first place, the Indian delegation should have submitted a general memorandum containing all the economic demands and grievances of India which are of interest to the world. For instance, the world should have been told that India is saddled with a public debt for which she has really no responsibility at all. Then the world should have been informed that the Ottawa Pact has been forced down our throats against our will. We should also have let other nations know how India has been treated by England in the matter of our exchange, etc., etc. This memorandum if distributed to individual members, besides being also officially placed before the Congress—would have been created a trmendous sensation.

In international economics and also in international politics the Indian question is allowed to be treated as a domestic question i.e. as a question between England and India, in which the world at large has no right to interfere.

MEMBER OF LEAGUE.

But India should no longer take this position lying down. India is a member of the League of Nations and is therefore entitled to hav her own national representative at all international Conferences and Congresses. Besides this, India is entitled to bring her case before the bar of the world opinion. I know that this objective cannot be achieved in a day but attempts must be made strenuously from to-day for the purpose—if we desire success in the near future.

In this connection I desire to urge upon my countrymen the dire necessity of appointing accredited representatives of India in foreign countries on behalf of the Indian Chambers of Commerce and also on behalf of the Indian National Congress. Even if representatives cannot be sent out from India owing to want of funds, there are Indians abroad who would be prepared to work even for love.

PLEA FOR INTERNATIONAL PROPAGANDA.

The more one lives in Europe, the more one realises the great want of propaganda on behalf of India in foreign countries. And without international propaganda, India cannot possibly establish herself in the eyes of the world.

The present Government in Austria belongs mainly to the Christian Socialist Party and they are gradually adopting a hostile attitude towards the National-Socialist Party of Austria. For doing this, they are allying themselves more and more with the Austrian Fascist Party (or Heimwehr). The Chancellor (Prime Minister Dr. Dolfuss) is now paying his second visit to Rome. It is rumoured that in Austria Italy's moral support goes to the Heimwehr Party, though in Germany her support goes to the Nazis (National-Socialists) It is further rumoured that Italy does not favour the union of Austria and Germany though that union is the objective of the National-Socialists in both Germany and Austria.

AUSTRIA HOLDS KEY POSITION.

Austria to-day holds a key position in European politics. If the National-Socialists win in Austria, then the Fascists will rule one continuous stretch of Europe from the Mediterranean to the North Sea. On the other hand if the Nazis are defeated in Austria, then the National-Socialists movement in Europe will receive a setback. It is not generally known that there is a Fascist movement in such domestic countries as Switzerland and Czechoslovakia. Consequently the further expansion of National-Socialism in Europe depends to some extent on the turn of events in Austria.

IYENGAR'S VISIT.

Mr. Rangaswami Iyengar of the Madras "Hindu" came to Vienna the other day from London to meet Mr. Patel and myself. We had long discussions on the present situation in India and on the future programme of the Indian National Congress. He left for Paris to-day 'en route' to London and will probably come again to Vienna after a month.

The situation in India continues to be distressing. Judging from the papers, etc., people are nonplussed and cannot decide what they should do. This indecision is bad and the situation has to be faced boldly. The responsibility is very great for those who are now free to act.

GANDHI FAST ECHO.

I feel sorry to say that in Europe, Mahatma Gandhi's fast has not had good results. While there is genuine sympatay for Gandhiji's sufferings, the impression has gained pround that the Indian people are hopelessly divided among themselves and that is why Gandhiji, having forgotten the foreign Government, is concentrating all his energy on the reforming of his own people. Incidentally, the fast has done a lot of propaganda in Europe about the eristence of such a thing as untouchability in India. It is difficult for people in Europe to understand why Indians should allow their leader to fast. And the statements made from India to the effect that the fast is not a political one and is not directed against the Government have naturally given the people in Europe the idea that our social ills are due to our own fault and that no blame attaches to the Government. But as we all know, and as I have told many people here, the Government are not free from blame with regard to th shelving of the Temple Entry Bill in the Assembly.

TEMPLE BILLS.

With regard to the Temple Entry Bill, I may say—even at the risk of offending some friends—that it was unedifying to see Congressmen who had been responsible for their comrades withdrawing from the Legislatures in 1930 now waiting on non-Congressmen in the Assembly and seeking their help and sympathy and at the same time appealing to the Viceroy not to declare the Temple Entry Bills out of order. One is also reminded that but for the withdrawal of Congressmen from the Legislatures the Ordinances would not have become law nor would the Ottawa Pact have been ritified by the Assembly.

PROF. CIZEK'S TEACHING METHOD.

In the heart of Vienna there is a remarkable man conducting a new experiment in the education of children. He is Prof. Cizek. We have all heard of the Montessori system but Prof. Cizek's method strikes me as in some ways even more remarkable than that of Dr. Montessori. But of this more in my next.

I have been making slow but steady progress in health. Mr. Patel will be shortly going to Badhall—a health resort in Austria. His progress is very slow.

BENGAL'S CRUSADE AGAINST MALARIA

Government Experiments With Plasmochin Scheme

CALCUTTA, June 13.

"If Bengal can be made free from malaria, not only will the population increase in number by the absence of premature deaths, but there will also be a great improvement in the general health and economic condition of the nation.

"The attempt must be made"—in these words the Hon. Sir Bijoy Prosad Singh Roy, Minister of Local Self-Government replied to the address of welcome presented by the people of Amadpur, and its neighbouring villages (in the district of Burdwan), when he went there to inspect the special working of the plasmochin scheme carried on by the government for the eradication of malaria.

PLASMOCHIN SCHEME:

The Hon. Minister continuing dwelt at length on the plasmochin scheme. He said: "In this experiment attempt is being made to make a direct attack against the parasite, that is medical treatment aimed at destroying the malarial parasite in the germ carrying man."

"Theoretically it is all right, but practically, the success chiefly depends on the co-operation of the mass in taking the treatment as advised."

In conclusion, the Hon. Minister said: "But if this experiment fails, the whole scheme has got to be dropped."

U. S. CONGRESS ADJOURNS.

WASHINGTON, June 16.

The Congress has adjourned Sine Die.

SIKH SOLDIERS ARRESTED

Alleged Complicity In Murder

SIMLA, June 16.

Chaman Singh and Dewan Singh, belonging to the 5/8th Punjab Regiment, who were arrested yesterday for alleged complicity in the sudden death of one Hari Singh, Bugler of the same Regiment, under suspicious circumstances, were produced before Mr. Asquith, First Class Magistrate and remanded till 29th June.—A. P.

ELLIOT HAS NOT MADE UP MIND YET.

LONDON, June 16.

Elliott denies the report that he has been engaged to ride as first jockey to Sir Aga Khan next season. He says has been approached, but has not yet come to a decision.—Reuter.

DEVADAS GANDHI MARRIED TO LUXMI

POONA, June 16.

Simplicity and solemnity marked the occasion of Mr. Devadas Gandhi's marriage with Miss Laxmi Rajagopalachari at "Parnakuti" early this morning.

The marriage was solemnized according to strict Vedic rites. Laxman Sastri Joshi, the well-known Sastri, belonging to the Reformist School of Thought, officiating as priest.

Mahatma Gandhi in blessing them addressed a few words of advice to them individually.—A. P.

CEASE "INJURIOUS" DEALS

Chamberlain's Appeal To Chairman Of Stock Exchange

(Special Cable.)

LONDON, June 16.

Simultaneously with the efforts behind the scenes at the World Economic Conference to stabilise currencies, the Chancellor of Exchequer has written to the Chairman of the Stock Exchange requesting members to cease injurious' deals, namely discourage the sale of large blocks foreign securities in London, because Britain was not in a position to invest large sums at long-term in foreign countries.

KARACHI, June 16.

The In-ward Air Mail arrived here this evening at 4-10 p.m.

"Clan Macinnes (agents Messrs. Pestonji Bhicaji, Port Okha) arrived Port Okha on the 14th inst. with 1,337 tons china clay and left on 16th for Marmagoa with same bottom cargo."—A. P.

AIRMAN MISSING FOR TWO DAYS

(Special Cable.)

NEW YORK, June 16.

Fears are being entertained about the safety of the round the world airman, Mattern, about whom nothing is heard since he left Khabarovsk on Wednesday evening to fly home, via Alaska. Petrol would have been exhausted several hours ago.
